*Raising Talent - How to Fast-Track Potential into Performance* Tim Goodenough, 2012-09-29 High performance in general and in sport in particular is becoming more and more competitive Today's parents and the coaches of talented youngsters face many challenges They know intuitively that they need to do something to help their children achieve their full potential but what is that something Executive coaches Tim Goodenough and Michael Cooper are highly experienced at working with people who want to develop that elusive balance between work and life while at the same time trying to develop their potential to get the most out of both They also work in the world of high performance sport In *Raising Talent* they set about discovering understanding and learning what the key dynamics and challenges are for developing talent especially that of children As their thinking became sharper and their principles better defined several models and techniques emerged and this book explains their context and how they may apply in your home They provide an accessible and quality self coaching programme and a solid foundation of high performance theory for fast tracking development This unique system of accelerating performance means that the hard working individual now has access to many of the mental coaching techniques and benefits that normally only a highly skilled professional would be able to provide Although aimed at parents more than any other group the principles and techniques in *Raising Talent* can be applied to the development of performance regardless of the level of talent at any age In fact these same models and principles have been successfully used to accelerate the performance of Olympians executives international athletes and performers in multiple sports and contexts as well as to develop Tim's karaoke singing

*The Kosmic Symphony -Volume 1* Eric Coxall, 2016-12-31 The *Kosmic Symphony* is a holistic approach which examines the evolution of our social religious and cultural world our physical and scientific world and finally our inner mind or subjective reality This book identifies where many of our beliefs and traditions originate These have been imposed on us by religious authorities politics large corporations and institutions We absorb these ideas without our conscious awareness or control they can lead to wars and

fundamentalism Science has transformed our understanding of the universe life and the mind With this new world view we have the knowledge to reach our full potential and progress into a new era of self actualisation and enlightenment Volume 1 covers the ascent of humanity into the classical world Followed by a decent to the dark ages when humans become puppets of Gods Priests and Kings Volume 2 brings the thesis forward from the reformation
