**Finding a New British Asian Sound on BBC Radio** Liam McCarthy, 2023-09-21 This book explores the contrasting responses to the South Asian diaspora in Britain of BBC local radio and BBC network radio It highlights the hidden history of how BBC local radio stations developed a schedule of five thousand hours a year of programmes targeted at South Asian communities in England Local radio stations at the periphery of the BBC built deep and influential connections with marginalised Asian communities creating the BBC Asian Network in 1989 and played an influential part in building local social cohesion This contrasts with central BBC policy that reveals a management culture resistant to change and unable to embrace an increasingly diverse Britain creating a problematic legacy for the BBC **Finding a New British Asian Sound** brings new insights into current debates around policy and institutional racism at the BBC where South Asian programming on local and network radio remains at risk of closure

Witty macabre and utterly thrilling *The Exile* is a mesmerizing novel that will leave readers wondering where reality ends and fiction begins. People wrote that when William Kotzwick is the author, readers can be sure only that the book in question will be different from everything else. But even among the award-winning author's work, this bracing satire stands out for the sweep of its vision, full of comedy, despair, horror, and technical storytelling delight. *The New York Times Book Review*: The book becomes glued to the reader's hands as the devastating climactic scenes pile one on another. Powerful writing. *The Washington Post Book World*. *Thinking on the Edge: An Interdisciplinary Look at Ideological Extremism* Jocelyn J. Bélanger, Mark Dechesne, Angel Gomez, 2021-12-03. *The Province of Agra* Dharma Bhanu, 1979. *The Birmingham Book* Colin Diamond CBE, 2022-07-11. The Trojan Horse affair sent shock waves across England's education system in 2014. The affair centred around an anonymous letter that contained instructions on how to take over schools with a majority Muslim population by influencing their governing bodies and undermining head teachers. The authenticity of the letter remains hotly disputed, yet its publication generated huge turbulence not only in Birmingham's schools and communities but also in both Parliament and the national news. The book offers fresh perspectives based on unique access to information from within the city, written by respected educationalists who have worked successfully in Birmingham for many years, both during the Trojan Horse era and since. It explains what led to the publication of the letter, its profound consequences for education in Birmingham, and how it influenced events in the city since. Crucially, the book also opens up an informed discussion around the issues raised during Trojan Horse, such as delivering a well-rounded curriculum suitable for a diverse school community, developing working partnerships in the local area, and boosting the attainment and aspirations of children from disadvantaged backgrounds. Colin shares case studies of school improvement in local and national MATs in tough multicultural urban environments and how schools worked to develop pupils' social capital. *The Birmingham Book* reveals how the Trojan Horse affair was handled by the Department for Education as their academies and free schools policies underwent their first major stress tests. Furthermore, the book provides an up-to-date appraisal of the interrelationship between education in England's schools and the cultural and religious practice of the local communities the schools serve, and of the underachievement levels of the different ethnic groups in Birmingham. Suitable for teachers, school leaders, governors, and policymakers. [Why Foreigners Like Hong Kong](#) Mark O'Neill, 2023-03-01. This book tells the story of 24 foreigners who are long-term residents of Hong Kong. Their lives have been closely connected with those of their Chinese neighbours. Some were born and raised here; others came to seek opportunities for work and study, and some because they were forced to flee their homeland and start a new life. No matter what brought them here, they have dedicated themselves to Hong Kong and made an important contribution to society. Hong Kong gave them an opportunity to change their destiny, and it has become their second home. **Historical Dictionary of Afghanistan** Thomas H. Johnson, Ludwig W. Adamec, 2021-05-15.
