Equipped Ruth L. Snyder, 2020-01-07 About Exposing Falsehoods by Michael Uhryn. An Examination of Public Deception. Man is not what he ought to be, and that he ought to be that he could be. Eric Fromm. Social sciences and research offer hope and optimism for humanity, much to the disdain and disappointment of neoliberalism and reactionary forces in society. Increasingly, people are questioning authenticity and veracity of the negative values being propagandized by the corporate media. Many scholars and people take the view that peace and prevention of war is achievable, greater economic and societal equality is attainable, adoption of participatory democracy is desirable and practical, and working out a program on climate change and environmental sustainability is feasible. Moreover, the mythology of human greed can be unraveled, racism can be subdued, empire building can be curtailed, and unemployment and poverty can be eliminated. Exposing Falsehood. I detest what you write, but I would give my life to make it possible for you to continue to write. Voltaire 1694-1778. The author is consistent and passionate in his belief that a better world is in the making. His wide range of experience in farming, teaching music, and social activism convinced him of the need to promote the values of an egalitarian society.

Was it a scandalous affair? When Mary requested he share his family tree, Thomas suggested she read his book.

Building Bridges between

Chan Buddhism and Confucianism Diana Arghirescu, 2022-12-06 In Building Bridges between Chan Buddhism and Confucianism Diana Arghirescu explores the close connections between Buddhism and Confucianism during China's Song period 960-1279. Drawing on In Essays on Assisting the Teaching written by Chan monk scholar Qisong 1007-1072, Arghirescu examines the influences between the two traditions. In his writings, Qisong made the first substantial efforts to compare the major dimensions of Confucian and Chan Buddhist thought from a philosophical view seeking to establish a meaningful and influential intellectual and ethical bridge between them. Arghirescu meticulously reveals a Confucianized dimension of Qisong's thought showing how he revisited and reinterpreted Confucian terminology in his special form of Chan aimed at his contemporary Confucian readers and auditors who do not know Buddhism. Qisong's form of eleventh-century Chan, she argues, is unique in its cohesive or nondual perspective on Chinese Buddhist, Confucian, and other philosophical traditions which considers all of them to be interdependent and to share a common root. Building Bridges between Chan Buddhism and Confucianism is the first book to identify, examine, and expand on a series of Confucian concepts and virtues that were specifically identified and discussed from a Buddhist perspective by a historical Buddhist writer. It represents a major contribution in the comparative understanding of both traditions.

A Rendezvous with My Professional Destiny Belmont F. Haydel Ph.D., 2003-11-14 The book's title is not an accident as Belmont Haydel feels strongly about A Rendezvous with My Professional Destiny. Providence took him to Latin America and other places around the world in macro-economic pursuits. He found his work as an accountant, a military officer, and a diplomat not adequately fulfilling God's enlightenment directed him to higher education where he spent most of his professional years. This book portrays his life through writings, speeches, and service in his chosen fields, thus making a difference with people and their lives. A compilation of Haydel's academic papers and professional works with selected themes portrayed in eight chapters is not intended to be a professional autobiography; it constitutes a memoir which also delves into some of the author's non-professional experiences. The book serves as an historical reference for practitioners and scholars in international business and economics as well as strategic management and business policy. This digest of the author's works and achievements is intended as an inspirational piece for young people seeking similar professions. Its content also sheds light on a small fragment of history, thus useful to professionals in the scholarly community. This book is not comprehensive; such a volume would be overwhelming. Colleagues and former students contribute their thoughts in the Epilogue Expression section. Dr. Ruben Armiana, President, Sonoma State University, said: "Working closely with Belmont, I learned to appreciate his deep commitment to a just and ethical society; this book, which encompasses over 40 years of Belmont's distinguished work in the diplomatic service, business, academics, and consulting, makes significant contributions to the body of literature of several disciplines." Ehab Al Shihabi, CPA Manager, KPMG Consulting, wrote: "The most important day of my life occurred when I met Dr. Haydel in 1993 while I was an undergraduate student at the University of Jordan. We often discuss economics, world affairs, science, religion; his knowledge of
