Validating Technological Innovation David Coniam, Peter Falvey, 2016-04-02 This book discusses Hong Kong's use of onscreen marking OSM in public examinations. Given that Hong Kong leads the way in OSM innovation, this book has arisen from a recognised need to provide a comprehensive coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong. The authors discuss their experience of the validation process, demonstrating how high stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders.

**Financial Inclusion and Digital Transformation Regulatory Practices in Selected SADC Countries** Howard Chitimira, Tapiwa Victor Warikandwa, 2023-03-28 This book investigates the regulation and promotion of financial inclusion and provides a comparative analysis of the regulation, promotion and enforcement of the relevant laws in the SADC in particular South Africa, Namibia, Botswana and Zimbabwe, as well as the challenges of financial inclusion. In turn, it evaluates financial inclusion in the context of specific challenges faced by unbanked and underbanked customers who are easy targets for cyber criminals because they tend to have lower levels of digital literacy. The book presents novel discussions that identify the challenges and flaws associated with the enforcement of financial inclusion laws and related measures intended to promote financial inclusion in the SADC region. This is primarily done in order to reveal the current strengths and weaknesses of financial inclusion laws in relation to certain aspects of the companies' securities and financial markets in the region. For example, there is no common financial inclusion instrument law that is effectively and uniformly applied throughout the SADC. This has impeded the enforcement authorities' efforts to effectively combat financial exclusion across the region. The book is likely the most comprehensive study to date on the regulation and promotion of financial inclusion in the SADC region and fills a major gap in SADC and African legal jurisprudence. As such, it offers a valuable asset for policymakers, attorneys, bankers, securities share holders and other market participants who deal with financial inclusion, as well as undergraduate and graduate students interested in the topic.

**Financial Inclusion Regulatory Practices in SADC** Howard Chitimira, Tapiwa Warikandwa, 2023-05-25 Against a background of calls to prioritise the improvement of financial inclusion in Africa, this book provides an analysis of current financial inclusion measures in Southern Africa. Evaluating the existing strengths and weaknesses of financial inclusion in Africa, it identifies opportunities to improve inclusive financial services and aid poverty reduction in the region. With a focus on South Africa, Namibia, Botswana and Zimbabwe as case studies for assessing current financial inclusion in the context of particular challenges faced by unbanked and underbanked customers who are easy targets for cybercriminals due to low levels of digital literacy, it looks into the regulation and promotion of financial inclusion in Southern Africa. The book explores financial inclusion in the context of digital transformation in the 21st century, examining the regulation and promotion of financial inclusion in the context of digital transformation as well as the challenges related to financial inclusion. Suggesting improvements to aspects of company

law securities and financial markets in the Southern African Development Community region the book offers a comprehensive study on the regulation and promotion of financial inclusion in the Southern African Development Community region It will be essential reading for students and academics researching financial inclusion international economic law and development     **SIPRI Yearbook 2015** Stockholm International Peace Research Institute,2015-10 The 46th edition of the SIPRI Yearbook analyses developments in 2014 in security and conflicts military spending and armaments non proliferation arms control and disarmament     **The Struggles of Post-Independence Nigeria** Ucheoma Nwagbara,2022-02-01 In The Struggles of Post Independence Nigeria Ucheoma Nwagbara argues that despite Nigeria s oil wealth and arable agricultural land Nigerians are not any better today than they were before independence Nwagbara examines Nigeria s struggles with corruption reckless government spending poverty inequality crime and violent insurgency to show how successive Nigerian leadership has failed to utilize the country s enormous natural and human resources to improve citizens lives eradicate poverty and deliver broadly shared prosperity especially to the middle class and the poor Through his analysis Nwagbara demonstrates that the nationalist ideals of dedicated and accountable leadership behind the struggle for independence in Nigeria have been betrayed as the emergent post colonial leadership cared only for personal survival and gain Despite these failures Nwagbara reveals that Nigeria may still have a chance to improve and recover if Nigerians unite and demand real change through political and social activism     *International Human Resource Management* Ibraiz Tarique,Dennis R. **Going Nowhere Fast** Sabina Lawreniuk, Laurie Parsons, 2020-08-06 Rising levels of global inequality and migrant flows are both critical global challenges Set within the Southeast Asian nation of Cambodia *Going Nowhere Fast* sets out to answer a question of global importance how does inequality persist in our increasingly mobile world Inequality is often referred to as the greatest threat to democracy society and economy and yet opportunity has apparently never been more accessible Long and short distance transport from motorbikes to aeroplanes are available to more people than ever before and telecommunications have transformed our lives ushering in an era of translocality in which the behaviour of people and communities is influenced from hundreds or even thousands of miles apart Yet amidst these complex flows of people ideas and capital persistent inequality cuts a jarringly static figure *Going Nowhere Fast* brings together a decade of research to examine this uneven development in Cambodia making a case for inequality as a total social fact rather than an economic phenomenon in which stories stigma obligation and assets combine to lock social structures in place *Going Nowhere Fast Inequality in the Age of Translocality* speaks from an in depth perspective to an issue of global relevance how inequality persists in our hypermobile world Focusing on pressing issues in Cambodia that resonate beyond it investigates how human movement within and across the nation's borders are intertwined with societal threats and challenges including of precarious labour and agricultural livelihoods climate and environmental change the phenomenon of land grabbing and the rise of popular nationalism

**Water and Soil in Holy Matrimony?** Munyaradzi Mabeza, 2017-02-10 This book is a biography based on a qualitative ethnographic study of adaptation to climate by Mr Zephaniah Phiri Maseko an award winning smallholder farmer from Zvishavane rural Zimbabwe Ethnographic data provides insight and lessons of Mr Phiri Maseko and other farmers practices for rethinking existing strategies for adaptation to climate change The concept of adaptation is probed in relationship to the closely related concepts of vulnerability resilience and innovation This study also explores the concept of conviviality and argues that Mr Phiri Maseko's adaptation to climate hinges on mediating barriers between local and exogenous knowledge systems The book argues that Mr Phiri Maseko offered tangible adaptive climate strategies through his innovations that marry water and soil so that it won't elope and run off but raise a family on his plot His agricultural practices are anchored on the Shona concept of *ofhurudza* an exceptionally productive farmer This book explores the concept and practices of *ofhurudza* to suggest that the latter *dayhurudza* commercial farmer as embodied by Mr Phiri Maseko offers an important set of resources for the development of climate adaptation strategies in the region This study of smallholder farmers' adoption of innovations to climate highlights the complex interplay of multiple factors that act as barriers to uptake Such interplay of multiple stressors increases the vulnerability of smallholders The study concludes by arguing that in as much as the skewed colonial land policy impoverished the smallholder farmers Mr Phiri Maseko nonetheless redefined himself as a latter *dayhurudza* and thus breaks

free from the poverty cycle by conjuring ingenious ways of reducing vulnerability to climate The book does not suggest that Mr Phiri Masekos innovations offer a silver bullet solution to the insecure rural livelihoods of smallholder farmers nevertheless they are a source of hope in an environment of uncertainty His steely tenacity in the face of a multi stressor environment is to be treasured *Nigerian Libraries* ,2017 *Research Anthology on Macroeconomics and the Achievement of Global Stability* Management Association, Information Resources,2022-08-05 The COVID 19 pandemic has shocked economies around the world and created an era of global instability As the pandemic comes to a close it is essential to examine global economies in order to achieve and maintain global stability By maintaining global stability the world may be prepared for future economic shocks The Research Anthology on Macroeconomics and the Achievement of Global Stability discusses the emerging opportunities challenges and strategies within the field of macroeconomics It features advancements in the field that encourage global economic stability Covering topics such as Islamic banking international trade and Econophysics this major reference work is an ideal resource for economists government leaders and officials business leaders and executives finance professionals students and educators of higher education librarians researchers and academicians *Research Anthology on Microfinance Services and Roles in Social Progress* Management Association, Information Resources,2022-09-23 Microfinance has emerged as a growing field as more businesses discover the benefits and opportunities it provides To ensure that microfinance is utilized appropriately further study on the best practices and difficulties is required The Research Anthology on Microfinance Services and Roles in Social Progress considers the ways in which microfinance can be utilized to achieve social progress as well as the challenges and opportunities of this area Covering key topics such as income small businesses entrepreneurship and credit this major reference work is ideal for industry professionals government officials computer scientists entrepreneurs business owners managers policymakers researchers scholars practitioners instructors and students **Farmers' Rights - Educational Module V** Food and Agriculture Organization of the United Nations,2021-09-27 The role of farmers as custodians and innovators of plant genetic diversity that feeds the world population was not formally recognized at the international level until the adoption of the International Treaty on Plant Genetic Resources for Food and Agriculture The International Treaty is the first legally binding instrument that recognizes the enormous contribution of local and indigenous communities and farmers worldwide to the development and conservation of crop diversity This module examines its origins and provisions in the International Treaty and presents some practical activities for the realization of Farmers Rights It aims to i understand the crucial role of farmers in the conservation and sustainable use of plant genetic resources for food and agriculture ii describe the evolution of Farmers Rights up to their recognition by the International Treaty iii explain the components of Article 9 of the International Treaty iv illustrate the implementation of Article 9 at the national level with practical examples and best practices and v strengthen stakeholders capacities for implementing Farmers Rights as reflected in Article 9 of the International Treaty The
