Implementing Deeper Learning and 21st Century Education Reforms Fernando M. Reimers, 2020-11-04 This open access book is a comparative analysis of recent large scale education reforms that broadened curriculum goals to better prepare students for the 21st century The book examines what governments actually do when they broaden curriculum goals with attention to the details of implementation To this end the book examines system level reforms in six countries at various levels of development The study includes system level reforms in jurisdictions where students achieve high levels in international assessments of basic literacies such as Singapore and Ontario Canada as well as in nations where students achieve much lower levels such as Kenya Mexico Punjab Pakistan and Zimbabwe The chapters examine system level reforms that focus on strengthening the capacity to teach the basics as in Ontario and Pakistan as well as reforms that aim at building the capacity to teach a much broader set of competencies and skills such as Kenya Mexico Singapore and Zimbabwe The volume includes systems at very different levels of spending per student and reforms at various points in the cycle of policy implementation some just starting some struggling to survive a governmental transition and others that have been in place for an extended period of time From the comparative study of these reforms we aim to provide an understanding of how to build the capacity of education systems to teach 21st century skills at scale in diverse settings

Handbook of Research on Inequities in Online Education During Global Crises Kyei-Blankson, Lydia, Blankson, Joseph, Ntuli, Esther, 2021-05-07 In response to the COVID 19 pandemic many educational institutions implemented social distancing interventions such as initiating closure developing plans for employees to work remotely and transitioning teaching and learning from face to face classrooms to online environments The abrupt switch to online teaching and learning for the most part has been a massive change for administration faculty and students at traditional brick and mortar universities and colleges as concerns regarding the pedagogical soundness of this mode of delivery remain among some stakeholders Not only that but the switch has also revealed the inequities in the system when it comes to the types of

students universities serve It is important as institutions move forward with online instruction that consideration be made about all students and what policies and strategies need to be put into place to help support and meet the needs of all constituents now or when unprecedented situations arise The only way this can be done is by documenting the experiences through the eyes of faculty who were at the frontline of providing instruction and advising services to students The Handbook of Research on Inequities in Online Education During Global Crises brings to light the struggles faculty and students faced as they were required to switch to online education during the global COVID 19 health crisis This crisis has revealed inequities in the educational system as well as the specific effects of inequities when it comes to learning online and the chapters in this book provide information to help institutions be better prepared for online education or remote learning in the future While highlighting topics such as new educational trends remote instruction diversity in education and teaching and learning in a pandemic this book is ideal for in service and preservice teachers administrators teacher educators practitioners stakeholders researchers academicians and students interested in the inequalities within the educational systems and the new policies and strategies put in place with online education to combat these issues and support the needs of all diverse student populations

**Beyond the Enclave** Godfrey Kanyenze, Timothy Kondo, 2011-07-26 Beyond the Enclave sets out to unravel the contradiction of a country Zimbabwe where a rich diverse resource base co exists with endemic poverty One reason lies in the colonial economy which was predicated on an ideology of white supremacy creating an enclave formal economy employing one fifth of the labour force Yet over three decades after independence the non formal segment has become even more entrenched This book assesses Zimbabwes economy through three main phases 1980 90 when a strong social policy framework proved difficult to sustain due to erratic growth and 1991 96 when structural adjustment demanded a market driven approach to development The third phase is characterized by crisis management leading to policy inconsistencies and reversals Not surprisingly such incoherence saw the economy descend into hyperinflation and paralysis in 2007 2008 leading to the signing of the Global Political Agreement in September 2008 In the

absence of formal dollarization economic recovery after the adoption of the multi currency regime has remained fragile leaving an estimated 70 per cent of the population outside the banking system This has further entrenched uneven enclave growth as the economy remains locked in a low income poverty trap There is a need to facilitate transition towards formality to promote decent jobs Furthermore a strategic developmental role for the state in the economy is now widely recognized as vital for development Beyond the Enclave argues for a new approach to development in Zimbabwe based on pro poor and inclusive strategies which will contribute to the well being of all of its citizens and wise stewardship of its resources It offers suggestions on policy formulation implementation monitoring and evaluation in all sectors designed to promote inclusive growth and humane development

**Pursuit of the Elusive Dream** Lawrence D Moyo,2023-05-16 Anyone interested in the history of Zimbabwe will love this memoir by Lawrence D Moyo It traces the tumultuous events of the First Chimurenga of 1896 through independence from Great Britain in 1980 until the present day He vividly describes his childhood struggles as the son of a father who abuses his children as slave labourers Lawrence progressively climbs the educational ladder until he emigrates to the UK with his family Harping on the theme of hidden racism among others Lawrence then endures horrific racist treatment from criminally disobedient white and black students in schools he works at as an English teacher Having become a highly respected educational specialist he is now retired in the UK retaining his connections with his family members and friends in Zimbabwe
