Zombie Joyce Carol Oates, 2009-11-03 *Zombie* is a classic novel of dark obsession from the extraordinary Joyce Carol Oates. A brilliant unflinching journey into the mind of a serial killer, *Zombie* views the world through the eyes of Quentin P, a newly paroled sex offender as he chillingly evolves from rapist to mass murderer. Zombie Joyce Carol Oates, 1996. Quentin P is a young man who presents a different face to those around him. This includes his parents, grandmother, and when charged with sexual molestation, his court-appointed psychiatrist. ENCYCLOPEDIA OF SERIAL KILLERS is the ultimate reference for anyone compelled by the personalities and pathologies behind the most disturbing of crimes Psycho Paths Philip L. Simpson, 2000 Philip L Simpson provides an original and broad overview of the evolving serial killer genre in the two media most responsible for its popularity literature and cinema of the 1980s and 1990s The fictional serial killer with a motiveless highly individualized modus operandi is the latest manifestation of the multiple murderers and homicidal maniacs that haunt American literature and particularly visual media such as cinema and television Simpson theorizes that the serial killer genre results from a combination of earlier genre depictions of multiple murderers inherited Gothic storytelling conventions and threatening folkloric figures reworked over the years into a contemporary mythology of violence Updated and repackaged for mass consumption the Gothic villains the monsters the vampires and the werewolves of the past have evolved into the fictional serial killer who clearly reflects American cultural anxieties at the start of the twenty first century Citing numerous sources Simpson argues that serial killers recent popularity as genre monsters owes much to their pliability to any number of authorial ideological agendas from both the left and the right ends of the political spectrum Serial killers in fiction are a kind of debased and traumatized visionary whose murders privately and publicly re empower them with a pseudo divine aura in the contemporary political moment The current fascination with serial killer narratives can thus be explained as the latest manifestation of the ongoing human fascination with tales of gruesome murders and mythic villains finding a receptive audience in a nation galvanized by the increasingly apocalyptic tension between the extremist philosophies of both the New Right and the anti New Right Faced with a blizzard of works of varying quality dealing with the serial killer Simpson has ruled out the catalog approach in this study in favor of in depth an analysis of the best American work in the genre He has chosen novels and films that have at least some degree of public name recognition or notoriety including Red Dragon and The Silence of the Lambs by Thomas Harris Manhunter directed by Michael Mann Henry Portrait of a Serial Killer directed by John McNaughton Seven directed by David Fincher Natural Born Killers directed by Oliver Stone Zombie by Joyce Carol Oates and American Psycho by Bret Easton Ellis

Subverting Mainstream Narratives in the Reagan Era Ashley M. Donnelly, 2018-03-23 Subverting Mainstream Narratives in the Reagan Era explores how artists novelists and directors were able to present narratives of strong dissent in popular culture during the Reagan Era Using but subverting the tools of mainstream novels and films these visionaries works were featured alongside other books in major bookstores and promoted alongside blockbusters in movie theatres across the country Ashley M Donnelly discusses how the artists accomplished this why it is so important and how new artists can use these techniques in today s homogenous and mundane media The Face of the Other in Anglo-American Literature Marija Knežević, 2011-09-22 If we have established that our approach to the phenomena that are

other to us is always a matter of semiosis and that even in an attempt to naturalize phenomenology like the one made by Maurice Merleau Ponty who points to the corporeity of consciousness as much as an intentionality of the body it appears that our most negligible movements present our cultural being or habituality cf Iris Young *Throwing Like a Girl* 1990 2005

However many thinkers have claimed for example the novelist D H Lawrence or philosopher Luce Irigaray that we know by touch and intuition The papers collected in this book examine our approach to these issues in an essentially post theory world particularly enquiring if twentieth century theory has left us clear directions of where we are supposed to be looking for new ways of understanding and representing the phenomenological The way the Other exists in the consciousness that as Hegel said always pursues its death becomes especially interesting in the context of the development of Anglo American studies in the post postmodern world which sees the West as a changeable cultural and geographical concept that incorporates a multiplicity of others Yet at the same time a number of contemporary Anglo American writers insists on the prolonged effects of colonialism in the modern world in which outbursts of violence and hatred aimed at the Other prove that the modern world still cannot approach the Other without bigotry

Flat Aesthetics Christian Moraru, 2022-12-15 *Flat Aesthetics* seeks to secure a more granular and ontologically demotic handle on the contemporary in American literature While contemporaneity can be viewed as our period Christian Moraru approaches the contemporary as some thing made by things themselves The making of the contemporary is variously restaged by the body of fictional prose under scrutiny here Thus this corpus itself participates in the making of contemporaneity In dialogue with object oriented ontology and various new materialisms Moraru contends that the contemporary does not preexist objects or the novels featuring them it is not their background but an outcome of things self presentation As objects beings or existents present themselves in the present in our now they foster thing configurations that together compose the form of and essentially make the contemporary the present s cultural material signature as Moraru calls it To decipher this signature *Flat Aesthetics* provides a cross sectional reading of postmillennial American fiction Discussed are solely post 2000 works by writers who have also established themselves over the past two decades or so from Nicole Krauss Michael Chabon and Ben Lerner to Colson Whitehead and Emily St John Mandel Their output Moraru claims bears witness to the onset of a flat aesthetics in American letters after September 11 2001 Organized into five parts the books canvases objectual constellations of contemporaneity shaped by material dynamics of language museality and display spatiality zombification and thing rhetoric and post anthropocentric kinship

Dimensions of Monstrosity in Contemporary Narratives A. Ng, 2004-09-14 Interweaving psychoanalysis gender and cultural studies and postmodern theories of geopolitics this study of the monster in contemporary narratives demonstrates that the monster and monstrosity is largely a cultural and ideological production Figures such as the serial killer the monstrous child deformed bodies and spatially influenced monstrosity will be considered through analyses of

texts by Peter Ackroyd Bret Easton Ellis and Angela Carter among others The conclusion proposes that language itself becomes monstrous when it attempts and fails to articulate the monster
