Agitation with a Smile Stephen Bird, Adam Silver, Joshua C. Yesnowitz, 2015-11-17 *Agitation with a Smile* offers a reappraisal of Howard Zinn's political thought and situates his efforts in a contemporary context looking toward the nature of activism and dissent in the future. This is the first book to provide a substantive account and assessment of Zinn's philosophy and approach to collective action and to a larger extent democracy. The contributors to this book explore the most effective mechanisms by which to arouse public support for seemingly radical positions and how current technological advancements may alter our perception of Zinn's activism. The book is a valuable guide to a new generation of activists and scholars of politics in gauging the lasting relevance and legacy of Zinn's ideals, concepts and methodology. The text is neither fawning nor unduly critical unlike many discussions of Zinn in popular culture. Rather the contributors engage the various complexities and tensions present throughout Zinn's work and subject them to contemporary assessment. This is a multidisciplinary and international approach to Howard Zinn's intellectual and activist canon. **Your Body Knows the**

Discipleship in a World Full of Nazis Mark Thiessen Nation, 2022-01-20 Things do exist that are worth standing up for without compromise To me it seems that peace and social justice are such things as is Christ himself These are words Dietrich Bonhoeffer spoke to his brother a few months before he began training future pastors in the ways of discipleship For several years he had been speaking out against war Near the beginning of the anti Semitic Nazi regime he called on his fellow Christians to speak out against a state that was engaging in oppressive measures to respond to victims of oppression and to be willing to suffer as a church if it was required to stop such oppression His vision for training disciples was rooted in pure doctrine serious worship a new kind of monasticism and the Sermon on the Mount Bonhoeffer was convinced that through the living presence of Jesus and the explosive teachings of the Sermon on the Mount lies the force that can blow all this hocus pocus sky high like fireworks leaving only a few burnt out shells behind This is the legacy of this extraordinary theologian that this book seeks to recover exploring how this was lived out in a world full of Nazis
