Gill, 2018-06-20 This book explores the philosophical and theological thought of Nikos Kazantzakis Kazantzakis is a well known and highly influential Greek writer having authored such works as *Zorba the Greek* and *The Last Temptation of Christ* among many others This volume focuses on the overarching themes of Kazantzakis's work namely the importance of the natural world the nature of humanity and the nature of God by means of an analysis of his major novels and other writings Along the way attention is given to the views of the important scholars who have interacted with Kazantzakis's works including Peter Bien Darren Middleton and Daniel Dombrowski *The Greeks* Roderick Beaton, 2021-11-02 A sweeping history of the Greeks from the Bronze Age to today More than two thousand years ago the Greek city states led by Athens and Sparta laid the foundation for much of modern science the arts politics and law But the influence of the Greeks did not end with the rise and fall of this classical civilization As historian Roderick Beaton illustrates over three millennia Greek speakers produced a series of civilizations that were rooted in southeastern Europe but again and again ranged widely across the globe In *The Greeks* Beaton traces this history from the Bronze Age Mycenaeans who built powerful fortresses at home and strong trade routes abroad to the dramatic Eurasian conquests of Alexander the Great to the pious Byzantines who sought to export Christianity worldwide to today's Greek diaspora which flourishes on five continents The product of decades of research this is the story of the Greeks and their global impact told as never before *Teaching from the Heart* Mary Elizabeth Moore, 1998-01-01 Here is a serious and passionate plea for theology and education to stand in relationship Moore argues for an organic approach to religious moral and theological education **Great World Writers** Patrick M. O'Neil, 2004 This nicely illustrated reference for junior high and high school students offers 20 page profiles of 93 of the world's most influential writers of the twentieth century Arranged alphabetically each profile provides facts about the writer's life and works as well as a commentary on his or her significance discussion of political and social events that occurred

Zorba Nikos Kazancakis, 2014-08-01 *Salud!* Victor W. Geraci, 2004-03-01 In 1965 soil and climatic studies indicated that the Santa Ynez and Santa Maria valleys of Santa Barbara County California offered suitable conditions for growing high quality wine grapes Thus was launched a revival of the area's two centuries old wine industry that by 1995 made Santa Barbara County an internationally prominent wine region *Salud* traces the evolution of Santa Barbara viticulture in the larger context of California's history and economy offering insight into one of the state's most important industries California has produced wine since Spanish missionaries first planted grapes to make sacramental wines but it was not until the late twentieth century that changing consumer tastes and a flourishing national economy created the conditions that led to the state's wine boom Historian Victor W Geraci uses the Santa Barbara wine industry as a case study to analyze the history and evolution of American viticulture from its obscure colonial beginnings to its current international acclaim As elsewhere in the state Santa Barbara County vintners faced the multiple challenges of selecting grape varieties appropriate to their unique conditions protecting their crops from disease and insects developing local wineries and of marketing their products in a highly competitive national and international market Geraci gives careful attention to all the details of this production agriculture science and technology capitalization and investment land use issues politics the specter posed by the behemoth Napa and multinational wine corporations and the social and personal consequences of creating and supporting an industry vulnerable to so many natural and economic crises His extensive research includes interviews with many industry professionals California is today one of the world's major wine producers and Santa Barbara County contributes significantly to the volume and renowned quality of this wine production *Salud* offers a highly engaging overview of an industry in which the ancient romance of wine too often obscures a complex and diverse modern vitibusiness that for better and sometimes for worse has shaped the regions it dominates **Harold Prince** Carol Ilson, 2000 The story of Prince's career is inseparable from the history of the American musical theatre for the past 40 years In depth accounts of musicals *Fiddler on the Roof* *West Side Story* *Cabaret* *Company* and *Sweeney Todd* will be of interest to any musical theatre buff American Theatre The Theatre of Kander and Ebb Robert Gordon, 2025-07-24 Discover John Kander and Fred Ebb the most artistically and commercially successful musical theatre writing team since Rodgers and Hammerstein in a brand new way Identifying the theatrical approach that renders their musical dramaturgy unique this book explores their importance within and contribution to musical theatre history Through their biggest hits *Cabaret* 1966 and *Chicago* 1975 Kander and Ebb have been performed on the stage more times both within and outside of the USA than any other American musical theatre writers Unlike Sondheim whose work from 1964 increasingly aspired towards the avant garde Kander and Ebb located their projects in a nexus between art and commercial entertainment seeking to deconstruct popular forms in order to expose their ideological function This book investigates the full range of Kander and Ebb's collaboration from the pure comic

entertainment of 70 Girls 70 1971 and Curtains 2006 to more overtly serious musicals such as Kiss of the Spiderwoman 1992 The Scottsboro Boys 2010 and The Visit 2014 which were less commercially successful precisely because they addressed disturbing subjects It explores how the difficult material inspired beautiful though challenging scores It also probes how the ironic counterpointing of luscious music with witty and demotic lyrics challenges the desire of a Broadway audience for escapist entertainment devoid of critical self reflection in order to create complex yet popular masterpieces of the genre This is the first volume to explicitly analyse the recurrent theatrical tropes and dramaturgical forms in Kander and Ebb s musicals offering an in depth introduction to their oeuvre
