Risorgimento in Modern Italian Culture Norma Bouchard, 2005 The renewed attention to the origin and shape of nationalist discourses has promoted many excellent studies devoted to examining the rich storehouse of cultural responses produced during and after Risorgimento the political events that from 1859 to 1870 led Italy from being a fragmented peninsula to an independent and unified nation state However the assessment of Risorgimento and its myths from the post World War II era to the present remains for the most part unexplored While it is undeniable that the dramatic economic social and political transformations that have characterized Italy from the second half of the twentieth century to the present have altered the role and function of nationalist narratives it remains equally true that interest in the Risorgimento in modern Italian culture has not diminished

Literature, the Gothic and the Reconstruction of History Daniel Renshaw, Neil Cocks, 2025-01-31 In the Gothic nothing stays buried for long Since its inception in the mid eighteenth century the Gothic imagination has been concerned with the pasts of the societies from which it emerged This collection featuring contributions from archivists historians and literary critics examines how horror fiction and the wider Gothic mode have engaged with the constructed conception of history From Victorian nightmares of Jurassic jungles to ghost stories on the contemporary stage the contributors adopt varied and innovative approaches to consider how the Gothic has created complicated and sometimes subverted historical narratives In doing so these works blur the distinctions between the historical record and creative endeavour undermine linear and sequential understandings of the progress of time and dissolve temporal boundaries The collection explores a variety of Gothic forms including drama poetry prose illustration film and folklore and it draws on classic texts such as *Wuthering Heights* and *Dracula* as well as less familiar works including Reynolds *The Mysteries of London* and Baldini's *Mal aria* Literature the Gothic and the Reconstruction of History will be invaluable to students and scholars interested in the confluences of literary and historical endeavour the creation and depiction of historical constructs in popular culture and Gothic horror in its myriad forms

Ecocritical Approaches to Italian Culture and Literature Pasquale Verdicchio, 2016-08-23 The essays in this volume provide a theorization of what we might call the denatured wild in other words a notion of environmental restoration or reinhabitation that recognizes and reconfigures the human factor as an

interdependent entity Acknowledging the contributions of Marco Armerio Serenella Iovino Giovanna Ricoveri Patrick Barron and Anna Re among others *Ecocritical Approaches to Italian Culture and Literature* The *Denatured Wild* negotiates the ground within the historicizing theoretical perspectives and surveying spirit of these writers Despite the central role that nature has played in Italian culture and literature there has been an evident lack of critical approaches free of the bridles of the socio political manipulations of nationalism The authors in this collection by recognizing the groundbreaking work of many non Italian ecocritics challenge the narrowly defined conventions of Italian Studies and illuminates the complexities of an Italian ecocriticism that reveals a rich environmentally engaged literary and cultural tradition **Plotting the Past**

Cristina Della Coletta,1996 Through an examination of nineteenth and twentieth century theoretical work and novels Della Coletta presents an authoritatively original recasting of the notion of the historical novel Della Coletta s analysis of these novels suggests that genres are ideological units molded by culture and history and that current ideologies shape the literary representation of the historical past This innovative case study thus illuminates not just the twentieth century Italian historical novel but also the function of literary genres as a whole **Representations of Lethal Gender-Based Violence in Italy Between Journalism and Literature**

Nicoletta Mandolini,2021-08-15 This book discusses femicide in Italy and the cultural conversations that have resulted from feminist discourse on lethal violence against women entering the mainstream by analyzing journalistic inquiries and literary works produced after 2012 In a global and national context where activism s goals are mainly discursive this study deepens our understanding of the role played by written narratives in the critique of a public interest matter such as gender based violence The first part of the book is dedicated to the analysis of three journalistic inquiries published in book format that focus on one or more cases of femicide that happened on the Italian peninsula The second section draws on the concept of feminist rewriting to propose the analysis of a heterogeneous body of literary texts that explore some of the most controversial and notorious femicide cases covered by previous journalistic historical or mythical narratives before demonstrating the close connection between theoretical and narrative discourse within the analyzed texts This is a fascinating case study contributing to global understandings of gender based violence which will be important for researchers in gender studies sociology and media studies Narrating from the Archive Marco

Codebò,2010 *Narrating from the Archive* describes the historical development of the archival novel a fictional genre in which the narrative stores records bureaucratic writing informs language and the archive frames the readers apprehension of the text Archival novels have been written in two distinct paradigms legitimation and challenge While in the former paradigm the archive guarantees the novel s verisimilitude in the latter the archive is questioned as a hierarchized and politically biased system for establishing truth In this book Alessandro Manzoni s *I promessi sposi* Honoré de Balzac s *Ursule Mirouet* and *Le Colonel Chabert* are examples of novels written within the paradigm of legitimation while Gustave Flaubert s *Bouvard et Pecuchet* permits the transition between the two paradigms George Perec s *La vie mode d emploi* and Don DeLillo s *Libra*

represent cases of archival fiction written within the paradigm of challenge Excursions in Identity Laura Nenzi, 2008-04-16 In the Edo period 1600-1868 status and gender based expectations largely defined a person's place and identity in society. The wayfarers of the time however discovered that travel provided the opportunity to escape from the confines of the everyday. Cultured travelers of the seventeenth and eighteenth centuries wrote travel memoirs to celebrate their profession as *belle lettrists*. For women in particular the open road and the blank page of the diary offered a precious opportunity to create personal hierarchies defined less by gender and more by culture and refinement. After the mid-eighteenth century which saw the popularization of culture and the rise of commercial printing textbooks, guides, comical fiction and woodblock prints allowed not a few commoners to acquaint themselves with the historical, lyrical or artistic pedigree of Japan's famous sites. By identifying themselves with famous literary and historical icons of the past, some among these erudite commoners saw an opportunity to rewrite their lives and re-create their identities in the pages of their travel diaries. The chapters in Part One, *Re-creating Spaces*, introduce the notion that the spaces of travel were malleable, accommodating reconceptualization across interpretive frames. Laura Nenzi shows that far from being static backgrounds, these travelscapes proliferated in a myriad of loci where one person's center was another's periphery. In Part Two, *Re-creating Identities*, we see how in the course of the Edo period educated persons used travel to, or through, revered lyrical sites to assert and enhance their roles and identities. Finally in Part Three, *Purchasing Re-creation*, Nenzi looks at the intersection between recreational travel and the rising commercial economy which allowed visitors to appropriate landscapes through new means: monetary transactions, acquisition of tangible icons or other forms of physical interaction. **La letteratura e il male** Gianluca Cinelli, Patrizia Piredda, 2015-07-08 Il volume raccoglie i saggi presentati al Convegno internazionale *La letteratura e il male* Francoforte 7-8 febbraio 2014 dedicati ad autori quali Sade, Rousseau, Kleist, Goethe, Baudelaire, Primo Levi, Manzoni, Sciascia, Dürrenmatt e Calvino. La riflessione teorica discute le posizioni di Aristotele, Hegel, Rosenkranz, Nietzsche, Wittgenstein, Foucault, Benjamin, Alt, Bohrer e Nussbaum. L'approccio comparativo del volume fornisce un approfondimento della questione del male nella letteratura moderna come fenomeno complesso e offre un contributo scientifico al dibattito sull'etica letteraria che si è andato sviluppando nel panorama internazionale nel corso degli ultimi decenni. *The Cambridge History of Italian Literature* Peter Brand, 1996 There is no doubt that the present splendid volume is likely to remain unrivalled for many years to come for width of coverage, richness of detail and elegance of presentation. *Modern Language Reviews* *Just Postmodernism*, 2025-02-03 The essays collected here represent the latest thinking on postmodernism in a number of key areas: economics, law, postcolonialism, literature, feminism, film, philosophy. One of the issues common to the volume is the desire to cast postmodernism in a predominantly ethical light and the opportunities and obstacles postmodernism might place in the path of the description of and search for justice. The collection highlights the most recent trends in postmodern thinking: the turn away from postmodernism as mere discourse and

language games to a more politically and socially engaged forum The book will be of interest to all students of contemporary cultural social and critical thought
