Emphasizing the importance of critical thinking to personal development and success, *The Power of Critical Thinking* provides students with the skills they need to engage meaningfully with the world around them both in and out of the classroom. **Bioethics Education in a Global Perspective** Henk A.M.J. ten Have, 2014-09-25 This book critically analyses experiences with bioethics education in various countries across the world and identifies common challenges and interests. It presents ethics teaching experiences in nine different countries and the basic question of the goals of bioethics education. It addresses bioethics education in resource poor countries as the conditions and facilities are widely different and set limits and provide challenges to bioethics educators. Further, the question of how bioethics education can be improved is explored by the contributors. Despite the volume of journal publications, agreement on bioethics education is rather limited. There are only few examples of core curricula demonstrating consensus on the contents, goals, methods, and assessment of teaching programs. We need to ask: How can agreement on the best modalities of bioethics education be promoted? **Discrete Mathematics** Ali Grami, 2022-04-29 *Discrete Mathematics: Essentials and Applications* offers a comprehensive survey of the area, particularly concentrating on the basic principles and applications of Discrete Mathematics. This up-to-date text provides proofs of significance, keeping the focus on numerous relevant examples and many pertinent applications. Written in a simple and clear tone, the title features insightful descriptions and intuitive explanations of all complex concepts and ensures a thorough understanding of the subject matter. Offers easy-to-understand coverage of the subject matter with a class-tested pedagogical approach. Covers all topics in Discrete Math in a comprehensive yet not overwhelming way. Includes numerous meaningful examples on all topics to bring insight and relevant applications for all major topics. **Handbook of Language and Literacy, Second Edition** C. Addison Stone, Elaine R. Silliman, Barbara J. Ehren, Geraldine P. Wallach, 2016-05-27 An acclaimed reference that fills a significant gap in the literature, this volume examines the linkages between spoken and written language development, both typical and atypical. Leading authorities
