makers and NGOs **Sustainable Work and the Environmental Crisis** Chris Baldry, Jeff Hyman, 2021-07-20 Compared to 20 years ago the jobs many people do today are increasingly characterised by low pay and insecurity while countless others cope with workplace stress and ill health At the same time the consequences of our current model of economic activity are creating dangerous and critical changes in the planet's climate Until recently debates around these two issues have had little contact with each other This book demonstrates that there are definite and complex connections between degraded jobs and a degraded environment that neither the dominant economic model nor the rate at which we exploit the planet's resources are sustainable and that the limits for both may be reached sooner rather than later By bringing together insights from critical thinkers in a range of disciplines the book discusses the requirements and characteristics for work to be at the same time economically socially and environmentally sustainable and examines the potential for alternative routes to sustainable work in policies and actions that support both the natural environment and worker well being The book will be of interest to researchers academics and students in the fields of HRM labour studies employment relations sociology environmental studies and sustainability It is particularly relevant for those focusing on the link between labour and climate change It is also highly relevant to policymakers trade unions and NGOs looking at decent work and sustainability **PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume VI** Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles Elliot, 2010-07-24 Peace Studies Public Policy and Global Security is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Peace Studies Public Policy and Global Security provides the essential aspects and a myriad of issues of great relevance to our world such as Processes of Peace and Security International Security Peace Development and Environment Security Threats Challenges Vulnerability and Risks Sustainable Food and Water Security World Economic Order This 11 volume set contains several chapters each of size 5000 30000 words with perspectives issues on Peace studies Public Policy and Global security These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs *Sustainable Adaptation to Climate Change* Katrina Brown, Eriksen Siri, 2012-06-25 This book sets out how to ensure that adaptation efforts are socially and environmentally sustainable contributing to poverty reduction as well as confronting the processes driving vulnerability Over 100bn a year is pledged to help finance adaptation projects via the The Climate Adaptation Fund These projects and their funding played a central role in the latest climate talks in Cancun Mexico ensuring that adaptation to climate change will be an international priority over the next few decades Many existing adaptation projects are however not environmentally or socially sustainable Adaptation projects that focus on reducing specific climate sensitivities can even if bringing benefits adversely affect vulnerable groups and create social inequity or even unintentionally undermine environmental integrity Sustainable Adaptation to Climate Change examines how adaptation

to climate change types of measures policy frameworks and local household strategies interacts with social and environmental sustainability A mixture of conceptual and case study based papers draw on research from Europe Asia and Africa It will be of interest to all researchers and policymakers in climate change adaptation and development
