cornerstone of their lives The Invisible Front is the story of how one family tries to set aside their grief and find purpose in almost unimaginable loss The Grahams work to change how the Army treats those with PTSD and to erase the stigma that prevents suicidal troops from getting the help they need before making the darkest of choices Their fight offers a window into the military's institutional shortcomings and its resistance to change failures that have allowed more than 3 000 troops to take their own lives since 2001 Yochi Dreazen an award winning journalist who has covered the military since 2003 has been granted remarkable access to the Graham family and tells their story in the full context of two of America's longest wars Dreazen places Mark and Carol's personal journey which begins when they fall in love in college and continues through the end of Mark's thirty four year career in the Army against the backdrop of the military's ongoing suicide spike which shows no signs of slowing With great sympathy and profound insight The Invisible Front details America's problematic treatment of the troops who return from war far different than when they'd left and uses the Graham family's work as a new way of understanding the human cost of war and its lingering effects off the battlefield
