INTRODUCTION TO CORPORATE

FINANCE

Questions to Consider/Questions

1. In the corporate form of ownership, the shareholders are the owners of the firm. The shareholders elect the directors of the corporation, who then appoint the firm's managers. The separation of ownership from control is the corporate form of organization. What makes equity securities so attractive? Management may not be the most or cheapest of a firm's resources, but it is one of the

EBOOK: Corporate Finance Foundations - Global edition Stanley Block, Geoffrey Hirt, Bartley Danielsen, 2014-03-16
This Global Edition has been developed specifically to meet the needs of international finance students. It continues to offer substantial coverage of the recession and liquidity crisis that engulfed the global economies in the last few years and pays special attention to the banking sector and the critical need for funding that most businesses face. The emphasis on analytical approaches to international financial problems is intended to make the content more relevant and improve learning outcomes for the international student. Corporate Finance Foundations thorough treatment of concepts and application combines with a complete digital solution to help your students achieve higher outcomes in the course. *CORPORATE FINANCE* AHUJA, NARENDER L., DAWAR, VARUN, ARRAWATIA, RAKESH, 2015-10-01 In the wake of fast changing economic landscape characterized by global financial crisis, volatile equity and bond markets, rising dominance of emerging markets and increasing investor activism, the role of financial managers in an organization has assumed significant importance. This text aims at educating the students the fundamentals of Corporate Finance and explains how various theories can be applied for efficient decision making for the financial managers. The book is conceptualized on a practical approach and explores various topics in an easy and step by step approach backed by numerous examples, self test exercises and India centric cases. The complex financial concepts related to capital structure, risk and return analysis, valuation of financial securities, market efficiency and portfolio management have been explained in a reader friendly manner to provide a unique learning experience. The book is intended for the postgraduate students of Management and practising financial managers. Key features: The chapters are backed by strong practical experience of in depth financial analysis of Companies. Supplemented with real life examples and scenarios in a concise and comprehensive presentation. India centric cases to create an interactive classroom environment. Topics for further research have been included on each major topic as Researchable Issues. Each chapter contains side boxes to highlight the important points for quick revision. Each chapter is incorporated with Review Questions, Practice Exercises and Self Test Questions to add analytical approach to the subject. Revision set and PPT slides provided as web support.
