**The Royal Marsden Manual of Clinical Nursing Procedures** Lisa Dougherty, Sara Lister, Alex West-Oram, 2015-03-17  
The Royal Marsden Manual of Clinical Nursing Procedures has been the number one choice for nurses since it first published over 30 years ago. One of the world's most popular books on clinical skills and procedures, it provides detailed procedure guidelines based on the latest research findings and expert clinical advice, enabling nurses and students to deliver clinically effective patient-focused care. The ninth edition of this essential definitive guide, written especially for pre-registration nursing students, now includes a range of new learning features throughout each chapter that have been designed to support student nurses to support learning in clinical practice. Providing essential information on over 200 procedures, this manual contains all the skills and changes in practice that reflect modern acute nursing care.

**The Royal Marsden Hospital Manual of Clinical Nursing Procedures** Lisa Dougherty, Sara Lister, 2011-09-14  
Clinical skills procedures are a fundamental aspect of patient-centred nursing care. The Royal Marsden Hospital Manual of Clinical Nursing Procedures Professional Edition provides up-to-date evidence-based clinical skills procedures related to every aspect of a person's care. Procedure guidelines are based on an appraisal of the latest research findings and advice from clinical experts to enable students and qualified nurses to provide the best possible care. The manual provides the underlying theory and evidence for procedures, enabling nurses to gain the confidence they need to become fully informed skilled practitioners. The Eighth edition is organised in four sections which reflect the patient experience: Managing the patient journey, Supporting the patient with human functioning, Supporting the patient through the diagnostic process, Supporting the patient through treatment. It includes additional headings to make the text even more accessible and extra colour photos and diagrams. Nationally recognised as the essential guide to clinical nursing skills, it includes step-by-step procedures related to essential aspects of a patient's care. Provides all the knowledge nurses need to be fully informed and practice accountably. Enables nurses to deliver clinically effective patient-focused care. Clear, user-friendly and easy to understand. All procedures include the rationale for each action. Evidence graded to help nurses assess its validity. Online edition [www.rmmonline.co.uk](http://www.rmmonline.co.uk) also available.

**Critical Care Manual of Clinical Procedures and Competencies** Jane Mallett, John Albarran, Annette Richardson, 2013-05-15  
This manual is aimed at all healthcare practitioners from novice to expert who care for the critically ill patient, recognising that different disciplines contribute to the provision of effective care and that essential knowledge and skills are shared by all practitioners. It provides evidence-based guidelines on core critical care procedures and includes a comprehensive competency framework and specific competencies to enable practitioners to assess their abilities and expertise. Each chapter provides a comprehensive overview, beginning with basic principles and progressing to more complex ideas to support practitioners to develop their knowledge, skills and competencies in critical care.
