Montague,2017-08-24 A compelling examination of football club ownership in the era of the super rich Once upon a time football was run by modest local businessmen Today it is the plaything of billionaire oligarchs staggeringly wealthy from oil and gas from royalty or from murkier sources But who are these new masters of the universe Where did all their money come from And what do they want with our beautiful game While almost cloaked in secrecy the billionaire owner has to raise his head above the bunker when it comes to football ownership a rare Achilles heel that allows access to worlds normally off limits journalists and outsiders In the Billionaires Club James Montague delves deeper than anyone ever dared to tell this story for the first time He criss crosses the world from Dhaka to Doha from China to Crewe from St Louis to London from Bangkok to Belgium to profile this new elite their network of money and their influence that defies geographic boundaries The Billionaires Club is part history of club ownership part in depth investigation into the money and influence that connects the super rich around the globe and part travel book as he follows the ever shifting trail around the globe in an attempt to reveal the real force behind modern day football At its heart The Billionaires Club is a football book about some of the biggest clubs in the world But it is also about something bigger the world around us the global economy where the world is headed and how football has become an essential cog in this machine The book discusses the dawn European Super League and the repercussions for the future of the game *Vigorous Daunt: Billionaire* Ambrose Pratt,1908 China, Demographic

Billionaire H. Yuan Tien,1983 **The Billionaire Raj** James Crabtree,2019-07-02 A colorful and revealing portrait of the rise of India s new billionaire class in a radically unequal society India is the world s largest democracy with more than one billion people and an economy expanding faster than China s But the rewards of this growth have been far from evenly shared and the country s top 1% now own nearly 60% of its wealth In megacities like Mumbai where half the population live in slums the extraordinary riches of India s new dynasties echo the Vanderbilts and Rockefellers of America s Gilded Age funneling profits from huge conglomerates into lifestyles of conspicuous consumption James Crabtree s The Billionaire Raj takes readers on a personal journey to meet these reclusive billionaires fugitive tycoons and shadowy political power brokers From the sky terrace of the world s most expensive home to impoverished villages and mass political rallies Crabtree dramatizes the battle between crony capitalists and economic reformers revealing a tense struggle between equality and privilege playing out against a combustible backdrop of aspiration class and caste The Billionaire Raj is a vivid account of a divided society on the cusp of transformation and a struggle that will shape not just India s future but the world s *The Billionaire Next Door* JUDY ANGELO,2016-04-18 NEVER PIT AN ALPHA MAN AGAINST A FEISTY FEMALE Soledad Felix doesn t take guff from anyone not even if that someone is the tall dark and gorgeous hunk who moves in next door Since the day he moves in he s a royal pain in the rear going out of his way to make himself a nuisance But then as fate would have it her big bad and bossy neighbor falls right into her hands And with him at her mercy it s time to make him pay Ransom Kent likes to mind his own business and lead a quiet life but tell that to his crazy neighbor next door From the first day they meet

it's like she's got this thing against him a crazy vendetta of her own making And it doesn't help that she's both beautiful and bewitching with a whole lot of hot sauce on top It's an alluring combination that he just can't resist But when he gives in to the temptation and hands her his heart on a platter that's when he realizes she's nothing like the woman he thought she was The epic battle of fire and ice and only one can be the victor [The Billionaire Shifter's True Alpha \(Billionaire Shifters Club #5\)](#) Diana Seere, Zach Hayden was an ordinary guy until an accident in Gavin Stanton's research lab left him howling at the moon Turned into a werewolf by the same serum he helped to create biochemist Zach is now seven inches taller has seventy pounds of new muscle and well everything got bigger Sophia Stanton is a confident billionaire bear shifter who enjoys the finer things in life especially fine men Unlike her older brother Gavin she has no plans to settle down with just one mate Why limit yourself to a single taste when you can have a little lick of everything Unconvinced that Zach has adjusted to his transformation Sophia's brothers confine Zach to their family compound in Montana where Sophia offers to teach him how to manage his new powers and libido But when Zach and Sophia both hear the Beat an old shifter legend that guarantees they are made for each other is falling in love their fate or is it just wishful thinking When her powerful family questions his motives and powers can Zach rise to the occasion And become Sophia's true alpha **Paranoid Publics** Zahid R. Chaudhary, 2025-11-04

Facts and established truths are regularly denied in contemporary life This situation has brought paranoid politics into the mainstream from conspiracy theories like QAnon to sex panics and assaults on public health measures to election denialism and the rise of vigilante militias **Paranoid Publics** analyzes these phenomena as psychosocial realities enmeshed with emerging ways of determining truth Today's paranoia cannot simply be blamed on the rise of social media or the recent surge of populist anger Rather as Chaudhary shows both are fueled by preexisting psychosocial processes Applying psychodynamics to analyze truth and politics **Paranoid Publics** foregrounds unconscious demands wishes and compulsions Against the hope that progressive economic policies might dispel widespread disorientation and disillusionment Chaudhary reveals how psychic realities mark politics as deeply as do self interest and class dynamics Chaudhary takes up and reinvents psychoanalytic concepts to analyze how for example the personal liberty exercised through vaccine exemptions is paradoxically grounded in submission to the authority of the family and the state Such politically consequential attitudes concerning truth emerge from a social order that they proceed to challenge Making a case for psychosocial understandings of our current historical juncture **Paranoid Publics** radically expands our notion of the political **Beyond Alterity: Contemporary Indian Fiction and the Neoliberal Script** Shakti Jaising, 2023-09-15 **Beyond Alterity** contests a core tendency in postcolonial studies as well as emerging critiques of neoliberalism to assume that nations of the Global South are categorically distinct from their counterparts in the North and that they provide an alternative or even an antidote to the competitive and individualistic cultures of the advanced capitalist world Through a textured analysis of cultural production from contemporary India Shakti Jaising argues that neoliberal capitalism has produced significant

continuities in class dynamics and subjective experience across the North South divide continuities that are at least as worthy of our consideration as differences arising from colonialism and its aftereffects The book engages an array of political economic and cultural narratives while focusing in particular on widely circulating Indian English language novels and their audio visual adaptations that demonstrate the growing currency of a neoliberal script extolling values like privatization and deregulation as conduits to both individual growth and national development as well as freedom from poverty With their potent enactments of personal and national maturation contemporary Indian novels and films offer striking illustrations of the imaginative means by which the neoliberal script proliferates even as economic precarity and inequality worsen in India much like elsewhere in the world Whereas literary scholars tend to approach the Indian English novel as an exemplar of resistance from the formerly colonized world Beyond Alterity contends that far from inevitably modelling resistance this genre s contemporary examples instead encapsulate the challenges of disentangling literature from the all pervasive logics and narratives of neoliberal capitalism

Billionaires in World Politics Peter Hägel,2020-12-07 Billionaires in World Politics shows how the privatization of politics assumes a new dimension when billionaires wield power in world politics which requires a re thinking of individual agency in International Relations Structural changes globalization neoliberalism competition states and global governance have generated new opportunities for individuals to become extremely rich and to engage in politics across borders The political agency of billionaires is being conceptualized in terms of capacities goals and power which is contingent upon the specific political field a billionaire is trying to enter Six case studies explore the power of billionaires in their pursuit of security wealth and esteem The chapter on security analyzes Raj Rajaratnam s relationship to the Tamil cause in Sri Lanka and Sheldon Adelson s

transnational electioneering in the Israel Palestine conflict Regarding the economy the book studies how the Koch brothers political protection of fossil fuels is affecting climate change mitigation and how Rupert Murdoch s opinion shaping is valorizing conservatism across borders The chapter on social entrepreneurship and esteem examines the role of Bill Gates in the governance of global health and George Soros s attempts to build open societies as a stateless statesman An analytical conclusion evaluates the prior findings in order to address three major questions Is it more appropriate to see billionaires as super actors or as a global super class What is the relative power of billionaires within the international system What does the power of billionaires mean for the liberal norms of legitimate political order Small-Town Billionaire Renee
