The Bobby Fulton Story:

The Bobby Fulton Story Robert Starosciak, 2015-06-03 Bobby Fulton is a boy who grows up in small town America in the 1960s attends Princeton University and dares to run for a seat in a New Jersey congressional district Against all odds he enlists the help of a college friend and political pro as they plot a strategy for him to become the youngest person ever to win a national election in the Garden State Bobby Fulton helps us look into a realistic mirror and back to a much simpler time in our country a time when youngsters played baseball games in the summertime on makeshift fields a time when a tiny working class town could flourish a time when a new president made us all feel young and hopeful But it is also an intimate portrayal of the inner workings of a real political campaign It is a tale of an amazing quest against an intimidating political adversary who will do anything to succeed It reveals what it takes to win it all from the grueling ground game to the extravagant fundraisers held in the homes of charlatans And it is also about the age old story of when love finally deceives in the dirty game of politics But above all *The Bobby Fulton Story* reminds us how we all changed in our journey from 1963 A time when we could trust and respect our elected representatives a time when America stood at the pinnacle of the world a time when we challenged ourselves to shoot for the stars a time when we thought the future was only ours Now intractable politicians ensure their jobs for life the successful political campaigns are saturated only with money our nation is but a part of an ever growing global community and we have compromised our values merely for illusions Bobby Fulton is the kind of man everyone can't help but love he's charming gorgeous brilliant and determined But can a young newcomer such as Bobby Fulton stand a chance of winning a congressional seat against the mighty political machine Where can we find the Bobby Fulton of long ago who had the passion and thirst to make us all better *A Chain Of Surveyor Stories, volume 1* David C. Clark, 2024-03-26 Nova Scotia Land Surveyors have experienced many diverse circumstances in their efforts to define and maintain the land tenure system of the Province In the course of their survey work they all have reminiscences and anecdotes of unique experiences distinctive characters historical discoveries bizarre deed descriptions involved technical surveys out of the way locations differing opinions etc that have cropped up over time Many are the tales told during evenings in a wilderness survey camp or wherever surveyors gather at their leisure This anthology is just a small collection of surveyors stories gathered from the authors **Fifty Famous People** James Baldwin, 2024-11-24 ONE of the best things to be said of the stories in this volume is that although they are not biographical they are about real persons who actually lived and performed their parts in the great drama of the world's history Some of these persons were more famous than others yet all have left enduring footprints on the sands of time and their names will not cease to be remembered In each of the stories there is a basis of truth and an ethical lesson which cannot fail to have a wholesome influence and each possesses elements of interest which it is believed will go far towards proving the fallibility of the doctrine that children find delight only in tales of the imaginative and unreal The fact that there are a few more than fifty famous people mentioned in the volume may be

credited to the author's wish to give good measure SAVING THE BIRDS ONE day in spring four men were riding on horseback along a country road These men were lawyers and they were going to the next town to attend court There had been a rain and the ground was very soft Water was dripping from the trees and the grass was wet The four lawyers rode along one behind another for the pathway was narrow and the mud on each side of it was deep They rode slowly and talked and laughed and were very jolly As they were passing through a grove of small trees they heard a great fluttering over their heads and a feeble chirping in the grass by the roadside Stith stith stith came from the leafy branches above them Cheep cheep cheep came from the wet grass What is the matter here asked the first lawyer whose name was Speed Oh it's only some old robins said the second lawyer whose name was Hardin The storm has blown two of the little ones out of the nest They are too young to fly and the mother bird is making a great fuss about it What a pity They'll die down there in the grass said the third lawyer whose name I forget Oh well They're nothing but birds said Mr Hardin Why should we bother Yes why should we said Mr Speed The three men as they passed looked down and saw the little birds fluttering in the cold wet grass They saw the mother robin flying about and crying to her mate Then they rode on talking and laughing as before In a few minutes they had forgotten about the birds But the fourth lawyer whose name was Abraham Lincoln stopped He got down from his horse and very gently took the little ones up in his big warm hands

Fifty famous people, short stories James Baldwin, 1912 **Bob's Story** Robert E. P. Moranda, George E. Moranda, 2000-12-20 This is a story of strength of a normal everyday citizen who has taken from a loving family and placed in extraordinary positions Bob Moranda fought with honor courage conviction and valor during one of World War II's most critical campaigns the Battle of the bulge and when captured suffered as a prisoner of war of the most Germans until released by the Russian Army For those who want to know what actual combat is like those who need inspiration to meet life's challenges and for those who want to know more about the boys who saved democracy this is much reading [Fifty Famous People; A Book of Short Stories](#) James Baldwin, 2025-08-22 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

Fifty Famous People James Baldwin, 1912 **Called to a Different Purpose** Kevin Belmonte, 2018-11-02 The defining trait of the story that began with Robert Fulton is not just the creation of a good company in 1969 that has since become highly successful What sets this story apart is his lifelong relationship with Jesus Christ and how honoring God was central to all his decisions From the start it called for a different kind of company culture rooted in his faith based principles that looked to the inherent value of each person and developing their God given potential That has become a hallmark of Web Industries in the fifty years of its existence Robert Fulton shaped his company's culture believing that relationships are the very essence of life He implemented an employee stock ownership plan because he believed the people who worked alongside him to build the company's value should share in that value These employee owners are at the heart of why this

company has won a place of great influence and respect in the corporate world Stories of Our Great Inventions Grace Humphrey,1925 **Tales of Ireland.
