**Gastronomic Judaism as Culinary Midrash** Jonathan D. Brumberg-Kraus, 2018-10-29 This book is about what makes food Jewish or better who and how one makes food Jewish Making food Jewish is to negotiate between the local regional and now global foods available to eat and the portable Jewish taste preferences Jews have inherited from their sacred texts and calendars What makes Jewish food Jewish and what makes Jewish eating practices continually viable and meaningful are not fixed dietary rules and norms but rather culinary interpretations and adaptations of them to new times and places culinary midrash Jewish cuisine is a fusion of interactions a reflection of displacement and intentional positioning and re positioning vis a vis sacred texts old and new lands Jewish and non Jewish neighbors old and new family combinations re imaginings of our personal ethnic gender and other identities Jonathan Brumberg Kraus questions Jewish identity in particular and identity generally as something fixed stable and singular and unintentional Jewish food choices are situational often temporary expressions of Jewish identity It addresses the tension between what Jewish authoritative textual sources and their proponents say is Jewish food and Jewish eating and what Jews actually eat So while discussing connections between ancient religious texts and modern Jewish food preferences this book does not stop there Using examples from his experience Brumberg Kraus describes the improvisational characteristics of gastronomic Judaism as the interplay of texts tastes artifacts and everyday practices not only in the classic sacred texts but also in Jewish cookbooks and internet blogs on Jewish home cooking seasonal intensification of Jewish food choices e g latkes at Chanukah or keeping kosher for Passover safe treif the fusion cultural appropriation of diasporic Biblical and Palestinian foods in new Israeli cuisine and the impact of the environmentalist New Jewish Food movement on contemporary Jewish food choices and identity *Jewish Book World* ,2008 [Jews and Their Foodways](#) Anat Helman, 2015-10-28 Food is not just a physical necessity but also a composite commodity It is part of a communication system a nonverbal medium for expression and a marker of special events Bringing together contributions from fourteen historians anthropologists sociologists and literary critics Volume XXVIII of *Studies in Contemporary Jewry* presents various viewpoints on the subtle and intricate relations between Jews and their foodways The ancient Jewish community ritualized and codified the sphere of food by regulating specific and detailed culinary laws Judaism extended and accentuated food s cultural meanings Modern Jewry is no longer defined exclusively in religious terms yet a decrease in the role of religion including kashrut observance does not necessarily entail any diminishment of the role of food On the contrary as shown by the essays in this volume choices of food take on special importance when Jewish individuals and communities face the challenges of

modernity Following an introduction by Sidney Mintz and concluding with an overview by Richard Wilk the symposium essays lead the reader from the 20th century to the 21st across Europe the Middle East Africa and North America Through periods of war and peace voluntary immigrations and forced deportations want and abundance contemporary Jews use food both for demarcating new borders in rapidly changing circumstances and for remembering a diverse heritage Despite a tendency in traditional Jewish studies to focus on high culture and to marginalize low culture Jews and Their Foodways demonstrates how an examination of people s eating habits helps to explain human life and its diversity through no less than the study of great events the deeds of famous people and the writings of distinguished rabbis Shaya Alon
