The Boy Who Cried Wolf Puppets:

The Boy who Cried "wolf!" Creative Concepts for Children, 1983 **One-Person Puppetry Streamlined and Simplified** Yvonne Amar Frey, 2005 Presents a comprehensive guide to puppetry designed to enhance story times and other library events and provides techniques to creating inexpensive props along with thirty eight folktale scripts **Storytelling with Puppets** Connie Champlin, 1998 In this latest revision of *Storytelling With Puppets* Connie Champlin has polished themes and fine tuned sections to meet today's ever changing programming environment paying special attention to literature based instruction and multicultural themes **Creative Therapy for Children with Autism, ADD, and Asperger's** Janet Tubbs, 2012-05-10 It is no easy task to find a teaching technique that can truly change the course of a child with special needs. Thirty years ago when Janet Tubbs began working with children who had low self esteem and behavioral problems she developed a successful program using art, music and movement. Believing that unconventional children required unconventional therapies she then took her program one step further she applied it to children with autism, ADD, ADHD and Asperger's Syndrome. Her innovative methods and strategies not only worked but they actually defied the experts. In this new book Janet Tubbs has put together a powerful teaching tool to help parents, therapists and teachers work with their children. *Creative Therapy for Children with Autism, ADD and Asperger's* is divided into two parts. Part One provides an overview of Autism Spectrum Disorders and introduces and explains Janet's novel approach to teaching. Her goal is to balance the child's body, mind and spirit through proven techniques. Part Two provides a wide variety of exercises, activities and games that are both fun and effective. Each is designed to reduce hyperactivity, increase and prolong focus, decrease anger, develop fine motor skills or improve social and verbal skills. All are part of a program created to help these children relate to their environment without fear, anxiety or discomfort. A child may appear stubborn and difficult but that doesn't mean that the child isn't intelligent, curious or creative. With the right treatment such a child can be reached, taught and set on the road to improvement. The lessons provided in this book may be just what you and your child have been waiting for **Character Education, Grade 1**, 2012-10-22 *Character Education for first grade students* covers eight character traits: citizenship, honesty, fairness, responsibility, cooperation, respect, tolerance and perseverance. In one book. Activities include definition of the theme and real life examples, reflections on the theme, analysis of situations in which students determine if good character was shown. 184 pages **Amazingly Easy Puppet Plays** Dee Anderson, 1997 What better way to hold children's attention during storytime than with puppets? Even in an age of technical wizardry, clever dialogue and home made puppets are all it takes to entertain children. Author Dee Anderson has presented puppet skits for sixteen years in libraries, schools, parks, day care centers, a mall and other community locations. Each of these forty two scripts has been audience tested some more than one hundred times. You'll find programming material for ages 18 months to 12 years. A former children's librarian herself, Anderson has created scripts that are accessible and practical for busy librarians and others who work with children.
