this book focuses on processes of institutionalization of same sex marriage and so called rainbow families within neo liberal capitalist democracies It examines how states and markets appropriate same sex marriage and family to enhance their own political and symbolic capital consolidating power and profit within existing systems of gendered and raced socioeconomic stratification Taking a radical feminist heterodox qualitative and intersectional approach this book investigates the political economy of same sex marriage across three axes same sex marriage as institution same sex marriage and the market and the political economy of the rainbow family The examination of case studies from different countries and regions enables a comparative analysis that foregrounds cultural political and economic path dependencies while at the same time highlighting a number of striking commonalities In all the countries discussed in this book and in most respects same sex marriage has been integrated almost seamlessly into a mainstream malestream political economy of marriage and family and its translation into added market and productive value *The Political Economy of Same Sex Marriage A Feminist Critique* will be of use to researchers and students alike and indeed to all those who are curious about the mainstreaming of homosexuality within twenty first century capitalist democracies *The New Art of Capturing Love* Kathryn Hamm, Thea Dodds, 2014-05-06 The first guide to posing and sensitively capturing same sex couples on their big day *The New Art of Capturing Love* equips semi pro and professional wedding photographers to enter the exciting new LGBT wedding photography market These are exciting times for marriage equality but capturing memorable LGBTQ portraits requires a novel approach to posing which until now has been nearly exclusively oriented toward pairing a taller man in black with a smaller woman in white What works for Jack and Jill won t necessarily work for Jack and Michael let alone Jill and Louise *The New Art of Capturing Love* shatters the old standards of wedding and engagement photography by showing how inappropriate they can be for today s diverse couples then shares easy to implement poses and techniques that can be applied to any couple and wedding party no matter their orientations to create lasting memories Featuring a collection of more than 180 same sex portraits from 46 photographers this guide is proudly the first and most comprehensive of its kind Whether you are a wedding photographer looking to enter this burgeoning market or a gay or lesbian couple looking for visual inspiration these gorgeous images will both instruct and inspire ***The Politics and Ethics of Toleration*** Johannes Drerup, Michael Kühler, 2021-07-20 Toleration plays a key role in liberal thought This book explores our current understanding of toleration in liberal theory and practice Toleration has traditionally been characterized as the willingness to put up with others or their actions or practices despite the fact that one considers them as objectionable Toleration has thus been regarded as one of the core aspects of liberalism as an indispensable democratic virtue and as a constitutive part of liberal political practice In modern liberal societies where deep disagreements about social values and ways of life are widespread toleration still seems to be of crucial importance However contemporary debates on toleration cover an immense variety of theoretical and political issues ranging from controversies over its exact understanding and conceptual scope as well as its practical boundaries e g regarding freedom of expression or

the legitimate role of religious symbols in educational institutions The contributions to this volume take up a number of carefully selected key questions and problems emerging from these ongoing theoretical and political controversies in order to explore and shed new light on pivotal conflicts and tensions that pervade different conceptions of toleration The chapters in this book were originally published in the Critical Review of International Social and Political Philosophy *See No Evil* Joel Pollak,2016-07-25 Liberals take great pride in their supposed open mindedness Yet when it comes to hot button issues like radical Islam global warming and abortion open minded liberals go to great lengths to discredit and suppress the ideas of their opponents Breitbart senior editor Joel Pollak exposes the nineteen key ideas that today s liberals are desperate to suppress revealing the blatant hypocrisy of left wing leaders and pundits who preach tolerance but practice intolerance
