The Cabal Of The Twelve Houses:

The Cabal of the Twelve Houses George Wharton, Sir George Wharton Bar, 2014-11-03 I shall not dispute how much Astronomers differ among themselves concerning the Number Site Motions and Nature of the Heavens Neither here undertake to compose such a strike nor to censure any Man s judgment therein forasmuch as at least in this they do many of them agree That there is one supream Heaven and First Moveable which by its own motion from East to West accomplisheth its Revolution about the Earth in the space of 24 hours and causeth such a force of stupend Motion in the bodies subordinate that it manifestly carried with it from East to West whatsoever is betwixt it and the middle Region of Air Tis true Kepler the Lynceus of the last Age denying with Copernicus such a First Moveable makes the Starry Heaven to be supream and immoveable And maintaineth that the Earth called a planet by Pythagoras and placed between the Sphaeres of Mars and Venus performs by its own motion from West to East an entire rotation about its Axis in the space of 24 hours the Sun being placed in the Center of the World Which supposed to as indeed it is by the most Learned of this Age yet I this doth the Starry Heavens perform the Office of the First Moveable That the same part of the Earth by the motion of the whole body thereof continually cometh into the Aspect of the New parts of the Stellified Heaven whereby that part of the Earth shall be forthwith changed de novo unless we deny it all power of operating thereupon Astrologia Gallica Book Jean-Baptiste Morin, 2008-08 This book is an English translation of Book 17 of the Astrologia Gallica In the First Section Morin explains the Cabala of the Twelve Houses and their natural foundation The Second Section is devoted to different methods of House Division Several horoscopes are shown The Third Section discusses the formal reasons for the natures of the Houses and their mathematical basis Morin was a physician who became the most renowned of all French astrologers He was appointed Royal Mathematician to King Louis XIII and was summoned to be present at the birth of the royal heir the future King Louis XIV James Herschel Holden the translator is Research Director of the American Federation of Astrologers and has been especially interested in the Morin Method of horoscope interpretation *The Houses - Temples of the Sky* Deborah Houlding, 2006 There is very little written on the most contentious area of astrology and this greatly updated and revised edition more than adequately fills the gap *The Astrologers' Magazine and Philosophical Miscellany*, 1857 **Symbolic Directions in Modern Astrology** Charles E O Carter, 2010-04 In this book Charles Carter 1887 1968 seeks a method of astrological forecasting that produces accurate results without the complicated calculations of Primary Directions To quote Carter an ideal directional system should fulfil four criteria 1 No important event should pass without a direction 2 No direction should pass without an event 3 Events and directions should correspond narrowly in time 4 Events and directions should correspond in character from page 10 To achieve these goals Carter examined a number of symbolic systems Symbolic because they were not based on any actual planetary movement but rather were arcs arbitrarily chosen and then uniformly applied to all factors in the natal chart In this book he presents the best of his research Among the systems of exceptional merit are the

One degree the Naibod 59 8 the Duodenary 2030 the Sub duodenary 12 30 the Septenary 4 2 7 o Novenary 3020 and the Fractional Measure which is based on natal aspects Along the way Carter s restless mind tackled the subject of death Here he discovered what he termed the Measure of Death He says while it does not always forecast death the Measure of Death is always present at death Carter found symbolic directions to have real value in astrological forecasting His work remains unique This book was first published in 1929

Alan Leo's Dictionary of Astrology Alan Leo, 2010-12 In 1917 at the height of his fame Alan Leo was charged with fortune telling which was illegal and taken to court He had been tried on similar charges in 1914 which had been dismissed But the charges brought in 1917 stuck Leo was given a hefty fine As winning on appeal seemed unlikely Leo paid the fine and went to Cornwall for a rest where on 30 August 1917 he unexpectedly died of a cerebral hemorrhage aged 57 His friends blamed it on the strain of the court proceedings At the time of his death this Dictionary was one of Leo s unfinished projects Installments of the Dictionary had appeared in Leo s monthly magazine Modern Astrology up to the end of the article Horoscope pgs 130 136 That the project was long standing is hinted by the article on Hindu Astrology pgs 76 101 written by Sepharial some years before and which Leo had presumably purloined More material was in preparation but Leo s untimely death brought matters to a halt By the early 1920 s Vivian Robson had succeeded Leo as editor of Modern Astrology a post he shared with Bessie Leo the widow An intense scholarly type Robson stumbled across bound copies of Leo s incomplete book while he was compiling his own astrological dictionary At the suggestion of Bessie Robson abandoned his dictionary and set about to complete Leo s using the many notes and fragments that Leo had left Which was published in 1929 as Alan Leo s final book Shortly thereafter Bessie and Vivian had a falling out whereupon Vivian left This book was to be an orphan Like its precursor James Wilson s Dictionary of Astrology of 1819 Leo s book contains several full blown monographs Both books have lengthy entries on Horary Astrology for example These articles tend to break the flow of the book For this reason the current publishers Astro America have added headings to each page that the reader may know whereabouts in the book he may be The publishers have also added a list of principal articles to the front as well as a complete list of entries forming an index in the back Alan Leo s Dictionary of Astrology is again in print Profit from the wealth of knowledge it contains

A Student's Text-Book of Astrology Vivian Robson Memorial Edition Vivian Erwood Robson, 2010-09 The year before he wrote his famous book on fixed stars Vivian Robson 1890 1942 wrote this one In it he put the distillation of four years intense work spent in the British Museum Reading Room where he studied very nearly every astrology book ever written in English and Latin To this day he is virtually the only man to have ever undertaken a study of this magnitude What makes the Student s Text Book of Astrology unique is its unparalleled wealth of detail Topics include Personal Appearance Character and Mind Health and Accidents Finance Occupation and much more For each Robson gives specific rules of judgment and then supplies aphorisms collected from many ancient sources The result is one of the most comprehensive astrology books ever written I n private conversation he would talk for hours on the

science of which he was a master Indeed his knowledge not only of astrology but of many other sciences was phenomenal and few who enjoyed his conversation could fail to go away with an enhanced knowledge of whatever subject had been under discussion He will be remembered best by his two chief books A Student s Text book of Astrology and The Fixed Stars and Constellations in Astrology Of these the former is deservedly popular and the latter is a classic containing as it does a mass of information dating from the days of Greek mythology up to modern times C E O Carter I have heard him converse knowledgeably on a dozen and one different subjects I really believe he knew something about everything but so far as astrology was concerned his versatility showed forth in a phenomenal knowledge of his subject To converse on astrology with him even if only for one short hour was inevitably to gain something new and valuable in the way of experience and information Dorothy Ryan In this Memorial Edition Obituaries by Charles Carter and George H Bailey Prof Hugh S Torrens monograph Curator Turned Astrologer an Appreciation by Dorothy Ryan an Afterword by the publisher David R Roell a newly prepared index Robson s Death Certificate and more The finest of all of Vivian Robson s books back in print at last Duels at Dawn David R. Roell,2012-07 From the Introduction You have economic hard times to thank for this book I am by profession a bookseller In 2007 a friend suggested a newsletter as a way of enhancing book sales I think she had monthly specials promo sheets and upcoming new titles in mind but I was too dense for that Instead I wrote on topics of my own fancy The first two years 2007 9 when the newsletter appeared monthly were well dreadful The week that Venus went retrograde in March 2009 with the stock market stabilizing after months of plunging I shifted from a monthly single page newsletter to a weekly three pager I followed a three page format for a couple of years Most of the worth while essays were compiled in my first book Skeet Shooting for Astrologers Two years later in March 2011 with the economy ever more bleak and myself running out of ideas I started writing celebrity delineations and in the process broke out of a rigid format The delineation of Jon Stewart of the Daily Show was the first of these Retrograde Venus has turned up in a surprising number of the charts I ve written about given its rarity among them the chart for the Republican Party as well as the charts for Rep Ron Paul Mayor Michael Bloomberg Jon Stewart and some others No my Venus is not retrograde Essays are in order of publication in part as I think organizing by topic makes for a boring block of reading The book starts with the last of the 2 column essays from the original 3 page weekly Meanwhile the economy is now in the fifth year of straight decline I do wish the people in charge of the country would just send us all envelopes stuffed with cash I can live on barter just as well as money but when that happens there will be no authors there will be no books there will be no commerce Money has its uses **Astrological Practice of Physick** Joseph Blagrave,2010-02 Contrary to modern beliefs the medieval world was not one of superstition and ignorance True they lacked what we know as science but on the other hand they were in possession of a coherent philosophy of life handed down to them from the Greeks and Romans which had been further hammered out in a thousand ways over the course of centuries When luck was with them the period was above all poor medieval peoples were surprisingly successful in

dealing with the problems of everyday life With minds open we come to the medieval world as if it was a strange alien planet Because their philosophy was different their observations were different and therefore their solutions were different Some were good Some were not The best of them are worthy of our attention for they can teach us much The author Joseph Blagrave 1610 1682 was a country doctor who lived in Reading England in part as he lacked the license that would let him practice openly in London Fundamentally he was an astrological herbalist To this he brought an eclectic mix of observation experimentation folk knowledge and his own unique genius Free of modern conceptions he was able to view and treat the diseases of his day in ways that were revolutionary Ephemeris ,1714 1672 1674 include Prognostication with special title page **A Catalogue of Books, for 1826.** ... John Denley,1826 The Zodiac and the Soul Charles E.O. Carter,2010-05 In this book Charles Carter 1887 1968 shows how the Zodiac of twelve constellations describes an ideal world In other words how the soul the ideal reveals itself in astrological terms In the process Carter invents a new form of rulerships based on the traditional exaltations which includes the outer planets Carter also teases us with his unpublished system of numerology which was based on 12 rather than the usual 10 As astrology is based around the numbers 2 3 4 and 12 not 5 or 10 a base 12 number system is of immediate interest Realizing his subject was abstract and unlikely to appeal to all Carter also includes innovative ideas on directing and on transits The result is a book that fascinates on many levels Charles E O Carter one of the leading astrologers of the 20th century was President of the Astrological Lodge at the Theosophical Society from 1920 to 1952 He was first Principal of the Faculty of Astrological Studies which he helped found in 1948 He edited The Astrologer s Quarterly from 1926 until 1959 The Zodiac and the Soul was first published in 1928 with revisions in 1947 1960 and 1968 the year of his death **Notes and Queries** ,1858 **Catalogue of the Printed Books and Manuscripts Bequeathed by Francis Douce, Esq., to the Bodleian Library** Bodleian Library,Francis Douce,1840 **The Works of that Late Most Excellent Philosopher and Astronomer, Sir George Wharton, Bar. Collected Into One Entire Volume by John Gadbury** George Wharton,1683 Morin's Book 21 Penelope Sitter,2024-05-30 With this publication of Book 21 we at last have a definitive English language translation of the crown jewel of Astrologia Gallica Jean Baptiste Morin de Villefranche s 26 volume magnum opus In this one slim volume Morin a 17th c French astrologer physician and mathematician sets out the rules for a rational approach to horoscope interpretation that he summarizes in two compact phrases that encapsulate his entire tradition Of the Active Determination of the Celestial Bodies and the Passive Determination of Sublunary Things Beginning in 1950 Zoltan Mason made Morin s approach available to English speaking students for many years through the classes he held in his New York City bookstore Three abridged English language paraphrases of Book 21 were published in the early to mid 1970s But not until this translation from Penelope Sitter has a full and reliable rendering of the centrally important volume of Morin s masterwork been available in English This translation of Book 21 brings Morin s voice to life and provides comprehensive endnotes a detailed subject index and an index of persons It will be the authoritative and
