

The background of the cover is a deep, dark blue or black, speckled with white stars, suggesting a night sky. A woman's face is shown in profile, looking upwards and to the right. She has long, dark, wavy hair. A wide, ornate headband with a large, clear, faceted gemstone and intricate silver or white metalwork is positioned across her forehead. Her lips are painted a vibrant red. A hand with long, slender fingers is placed gently on her forehead, with the index and middle fingers pointing upwards. The lighting is soft, highlighting the contours of her face and the texture of her hair and the headband.

**Digging Miami** Robert S Carr, 2012-09-30 Unearthing the rich 11 000 year human heritage of the Miami area The pace of change of Miami since its incorporation in 1896 is staggering The seaside land that

once was home to several thousand Tequesta is now congested with roads and millions of people while skyscrapers and artificial lights dominate the landscape Ironically Miami s development both continually erases monuments and traces of Indigenous people and historic pioneers yet also leads to the discovery of archaeological treasures that have lain undiscovered for centuries In Digging Miami Robert Carr traces the rich 11 000 year human heritage of the Miami area from the time of its first inhabitants through the arrival of European settlers and up to the early twentieth century Carr was Dade County s first archaeologist later historic preservation director and held the position at a time when redevelopment efforts unearthed dozens of impressive archaeological sites including the Cutler Site discovered in 1985 and the Miami Circle found in 1998 Digging Miami presents a unique anatomy of this fascinating city dispelling the myth that its history is merely a century old This comprehensive synthesis of South Florida s archaeological record will astonish readers with the depth of information available throughout an area barely above sea level Likewise many will be surprised to learn that modern builders before beginning construction must first look for signs of ancient peoples lives and this search has led to the discovery of over one hundred sites within the county in recent years In the end we are left with the realization that Miami is more than the dream of entrepreneurs to create a tourist mecca built on top of dredged rock and sand it is a fascinating vibrant spot that has drawn humans to its shores for unimaginable years Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities
