Obsessive Images Joseph Warren Beach,1960 Obsessive Images was first published in 1960 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions As Mark Schorer comments this is the last unfinished work of a distinguished well loved critic poet and professor After the death of Joseph Warren Beach his colleague and friend William Van O Connor professor of English at the University of Minnesota prepared the unfinished manuscript of this work for publication and wrote the foreword The work is primarily a study of certain words phrases and images that turn up with unusual frequency in modern American poetry especially that of the decades of the 1930 s and 1940 s and which are used in unusual senses to carry special symbolisms or to imply peculiar philosophical attitudes Since the study is concerned with such recurring images and themes many poets of distinction in whose work they are not to be found are left out but Professor Beach also discusses the significance of the absence of these poets Students and critics will gain insight through this work into the characteristic attitudes of a generation of poets The book is moreover a delight to read reflecting as it does Mr Beach s own love for the study of poetry As Professor O Connor points out the tone is much more personal than that of Mr Beach s other books

Dead Letters Sent Kevin Ohi,2015-06-20 Literary texts that address tradition and the transmission of knowledge often seem concerned less with preservation than with loss recurrently describing scenarios of what author Kevin Ohi terms thwarted transmission Such scenes however do not so much concede the impossibility of survival as look into what constitutes literary knowledge and whether it can properly be said to be an object to be transmitted preserved or lost Beginning with general questions of transmission the conveying of knowledge in pedagogy the transmission and material preservation of texts and forms of knowledge and even the impalpable communication between text and reader Dead Letters Sent examines two senses of queer transmission First it studies the transmission of a minority sexual culture of queer ways of life and the specialized knowledges they foster Second it examines the queer potential of

literary and cultural transmission the queerness that is sheltered within tradition itself By exploring how these two senses are intertwined it builds a persuasive argument for the relevance of queer criticism to literary study Its detailed attention to works by Plato Shakespeare Swinburne Pater Wilde James and Faulkner seeks to formulate a practice of reading adequate to the queerness Ohi s book uncovers within the literary tradition Ohi identifies a radical new future for both queer theory and close reading the possibility that each might exceed itself in merging with the other creating a queer theory of literary tradition immanent in an immersed practice of reading
