reason for this mess There was a specific reason for writing all this In 1979 I was in a horrible car accident resulting in a double concussion permanent brain damage to my left frontal lobe and the inability to walk well Riding a bike and driving a car was far down the road I lost a lot of language skills including the loss of German and Puerto Rican two languages I spoke well My English suffered a lot too The names of things were missing from recall producing a lot of incomplete sentences Getting lost often was another reward I had a doctorate in psychology which helped the recovery process At least that part of my memory was not lost so I began rehabilitation Stress proved to be a killer With too much stress any gains were lost and I had to start all over again Learning to meditate helped take the edge off the damage I needed to recover my word use starting with crossword puzzle books I did thousands with increasing improvements It was frustrating to say the least I started writing opinion letters to the newspaper with many published It helped with the continuity and writing After five or six years memories started to recover and twenty years of psychiatry helped me organize the thinking process There are some memories that I would have rather forgotten but The brain is a funny organ If you have a memory that seems incomplete your brain helps by creating a logical fill in Many of my written memories may have two or more versions It still makes a good story so take your pick there is no way I can choose I enjoyed the process of rehabilitation with everyday discoveries lurking around the corner 1 Billboard ,2011-07-02 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Billboard* ,2011-07-02 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
