The Book of Automatic Drawing Austin Osman Spare, 2005 *A Book of Automatic Drawing* Austin Osman Spare, 1972 **A Book of Automatic Drawing** Austin Oman Spare, 1972 *Line Let Loose* David MacLagan, 2013-07-15 As forms of drawing go scribbling is the most basic it is seen as playing a formative role in the drawings of both children and primates Doodling while still being a widespread phenomenon is largely an adult preoccupation a nomadic form of drawing typically produced during meetings and phone calls But even though those who engage in it are not necessarily trained artists automatic drawing is a more dramatic event and the results of an absentminded or trancelike state are sometimes astonishing Because of their amateur and spontaneous character all three forms of drawing have been adopted by modern artists seeking to escape from the constraints of their professional skills In *Line Let Loose* David MacLagan shows that each of these marginal forms of drawing has its own history in spiritualism surrealism abstract expressionism and psychedelic art Referring to Klee Pollock Miro Twombly and LeWitt as well as many lesser known or anonymous artists he traces the links between them and a pervasive notion of the spontaneous and unconscious creation of forms in art He suggests that the original novelty of these unconventional drawing processes has begun to wear off and he explores their new situation in our modern digital culture Guidelines for International Monetary Reform United States. The Western magical traditions are currently undergoing an international resurgence In **Stealing Fire from Heaven** Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems Gnosticism and the Hermetica the medieval Kabbalah Tarot and Alchemy and more recently Rosicrucianism and Freemasonry collectively laid the basis for the modern magical revival which first began to gather momentum in Europe at the end of the nineteenth century Western magic has since become increasingly eclectic drawing on such diverse sources as classical Greco Roman mythology Celtic cosmology Kundalini yoga and Tantra shamanism chaos theory and the various spiritual traditions associated in many different cultures with the Universal Goddess Drury traces the rise of various forms of magical belief and practice from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality He also explores Chaos Magick and the occult practices of the so called Left Hand Path as well as twenty first century magical forays into cyberspace He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as stealing fire from heaven Considered in this light Drury argues modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm **Insight Through Computer Graphics - Proceedings**
