Afghanistan, Iraq, and Post-conflict Governance: Damoclean Democracy? Imtiaz Hussain, 2010-01-11 Much has been written about democratizing Afghanistan and Iraq yet a clear cut theoretically enriching and empirically thick comparative analysis remains overdue for societies as divided as these two To partly fill in the vacuum this book utilizes various theories and stages of international negotiations which catalyzed democratization in both cases in interpreting both cases while also distinguishing between endogenous and exogenous democratization forces How electoral democracy came about in both cases is traced from the negotiating table through at least 4 stages and 6 chapters The study finds democratization being more stable when left on its own momentum as in Afghanistan than when conflict driven as in Iraq Though full fledged democracy does not appear inevitable in either case the study's insightful exploration of its interface in Islamic communities and as a Bush Doctrine component alerts us to fasten our seat belts before elections beckon again

American Invasions: Canada to Afghanistan, 1775 to 2010 Rocky M. Mirza Ph.D, 2010-09-02 American Invasions Canada to Afghanistan 1775 to 2010 is a thought provoking analysis of the reasons for American invasions and warmongering over the last two centuries Contrary to the views expressed by the Western media and Western historians the American Empire is not a force for the promotion of free thinking and democracy but instead a force for imperial conquests and imposed dictatorships through the use of a military industrial complex fed by the American Empire outspending the rest of the world combined on weapons of mass destruction The American Empire has used and will continue to use the most sophisticated weapons from nuclear bombs to bunker busting bombs to land mines to chemical and biological weapons on defenseless men women and children to feed its insatiable appetite for warmongering and imperial expansion It combines military bases around the world with military prisons used for torture and extraction of information Its navy patrols every corner of the globe and its planes can rain down bombs from the heavens on every civilian on the planet
