important to the preservation of some community held beliefs The analysis begins on a stylistic level and the same theoretical principles applied to the linguistic formulas of the poems also serve as a model for the study of narrative structures The author finds that there are laws that govern the creation selection and arrangement of narrative materials in the romance genre and that act to restrict innovation and control the narrative form The reasons for this strict control are to be found in the functional relationship of the genre to the culture that produced it The deep structure of the romance is viewed as a problem solving pattern that enables the community to mediate important contradictions within its social economic and mythic structures Wittig speculates that these contradictions may lie in the social structures of kinship and marriage and that they have been restructured in the narratives in a practical myth the concept of power gained through the marriage alliance and the reconciliation of the contradictory notions of marriage for power s sake and marriage for love s sake This advanced thorough and completely original study will be valuable to medieval specialists classicists linguists folklorists and Biblical scholars working in oral formulaic narrative structure

Pauwels,2008-10-09 This book seeks to understand the major mythological role models that mark the moral landscape navigated by young Hindu women Traditionally the goddess Sita faithful consort of the god Rama is regarded as the most important positive role model for women The case of Radha who is mostly portrayed as a clandestine lover of the god Krishna seems to challenge some of the norms the example of Sita has set That these role models are just as relevant today as they have been in the past is witnessed by the popularity of the televised versions of their stories and the many allusions to them in popular culture Taking the case of Sita as main point of reference but comparing throughout with Radha Pauwels studies the messages sent to Hindu women at different points in time She compares how these role models are portrayed in the most authoritative versions of the story She traces the ancient Sanskrit sources the medieval vernacular retellings of the stories and the contemporary TV versions as well This comparative analysis identifies some surprising conclusions about the messages sent to Indian women today which belie the expectations one might have of the portrayals in the latest more liberal versions The newer messages turn out to be more conservative in many subtle ways Significantly it does not remain limited to the religious domain By analyzing several popular recent and classical hit movies that use Sita and Radha tropes Pauwels shows how these moral messages spill into the domain of popular culture for commercial consumption **Nelson's**

GOSPEL OF JOHN Original Version - Volume II translated by James David Audlin,2014-02 The only narrative about Jesus by eyewitnesses this is also one of the world's greatest literary works The unfinished text was spirited off to Sinope when the author was sent into exile Even there the hand of Rome nearly destroyed it Rescued 35 years later the author's spiritual heirs published it While in Sinope some pages got lost or disordered After publication various editors changed the manuscript repeatedly to suit the changing doctrines of early Christianity even adding spurious new material Thus the standard text is an inspiring mess but still a mess This translation restores not the unfinished original text but the masterpiece the author

sought to compose a first hand account of a real man sent to urge humanity to accept God's will set down before doctrine repackaged him as an incarnate deity Volume One contains the carefully restored text and a history of the gospel Volume Two includes commentaries that burnish this masterpiece for the modern reader
