Dunnigan, 2004 In this authoritative in depth account military author and historian James F. Dunnigan uncovers the fascinating evolution of the world's deadliest warriors from skilled prehistoric hunters through Stoss Truppen British SAS Russia's Spetsnaz the Long Range Reconnaissance Patrols of the Vietnam War antiterrorism commandos SWAT teams and the commando wars of Afghanistan and Iraq With brilliant analysis and gripping descriptions Dunnigan explores the minds methods and decisive battles of elite forces This inside look shows the way warfare has changed forever **Soldiers**, 1994 [The State and the Soldier](#) Kori Schake, 2025-07-21 America's Founding Fathers feared that a standing army would be a permanent political danger yet the U.S. military has in the 250 years since become a bulwark of democracy Kori Schake explains why in this compelling history of civil military relations from independence to the challenges of the present The book begins with General Washington's vital foundational example of subordination to elected leaders during the Revolutionary War Schake recounts numerous instances in the following century when charismatic military leaders tried to challenge political leaders and explains the emergence of restrictions on uses of the military for domestic law enforcement She explores the crucial struggle between President Andrew Johnson and Congress after Lincoln's assassination when Ulysses Grant had to choose whether to obey the Commander in Chief or the law and chose to obey the law And she shows how the professionalization of the military in the twentieth century inculcated norms of civilian control The U.S. military is historically anomalous for maintaining its strength and popularity while never becoming a threat to democracy Schake concludes by asking if its admirable record can be sustained when the public is pulling the military into the political divisions of our time **Christians by Grace-- Baptists by Choice** Hany Longwe, 2011 The Baptist convention of Malawi BACOMA grew out of the Baptist Mission in Malawi's work that began almost 50 years ago as a result of plans by the Central African Southern Baptist Convention Mission to expand their works from Zimbabwe to Malawi Although BACOMA owes much of their tradition to the white Southern Baptists of the US they are typically a Malawian expression of the Church In five chapters the author a long standing Principle of the Baptist Theological Seminary of Malawi offers a history of the Baptist convention of Malawi The five themes being BACOMA's Polygenetic Nature Evangelistic Zeal and the Development of BACOMA 1970-1989 Women and Youth in Evangelism and the

James F Dunnigan and Albert A Nofi s **Dirty Little Secrets of the Vietnam War** allows us to see what really happened to American forces in Southeast Asia separating popular myth from explosive reality in a clear concise manner Containing more than two hundred examinations of different aspects of the war the book questions why the American military ignored the lessons taught by previous encounters with insurgency forces probes the use of group think and mind control by the North Vietnamese and explores the role technology played in shaping the way the war was fought Of course the book also reveals the dirty little secrets the truth behind such aspects of the conflict as the rise of the Montagnard mercenaries the most feared group of soldiers participating in the secret war in Laos and the details of the hidden struggle for the Ho Chi Minh Trail With its unique and perceptive examination of the conflict **Dirty Little Secrets of the Vietnam War** by James F Dunnigan Albert A Nofi offers a critical addition to the library of Vietnam War history **Desertion and the American Soldier,**

1776-2006 Robert Fantina,2006 Despite the government s continued insistence on linking desertion with cowardice the motivations for desertion are many and complex and are either rooted in or encouraged by military policy This history and analysis of military desertion from the Revolutionary War to Vietnam and the occupation of Iraq describes the official policies on desertion and how they have been implemented over time problems in the military justice system and the motivations for desertions Comprehensive data and interviews with deserters are included *The Lonely Soldier* Helen

Benedict,2010-04-01 *The Lonely Soldier* the inspiration for the documentary *The Invisible War* vividly tells the stories of five women who fought in Iraq between 2003 and 2006 and of the challenges they faced while fighting a war painfully alone More American women have fought and died in Iraq than in any war since World War Two yet as soldiers they are still painfully alone In Iraq only one in ten troops is a woman and she often serves in a unit with few other women or none at all This isolation along with the military s deep seated hostility toward women causes problems that many female soldiers find as hard to cope with as war itself degradation sexual persecution by their comrades and loneliness instead of the camaraderie that every soldier depends on for comfort and survival As one female soldier said I ended up waging my own war against an enemy dressed in the same uniform as mine In *The Lonely Soldier* Benedict tells the stories of five women who fought in Iraq between 2003 and 2006 She follows them from their childhoods to their enlistments then takes them through their training to war and home again all the while setting the war s events in context We meet Jen white and from a working class town in the heartland who still shakes from her wartime traumas Abbie who rebelled against a household of liberal Democrats by enlisting in the National Guard Mickiela a Mexican American who grew up with a family entangled in L A gangs Terris an African American mother from D C whose childhood was torn by violence and Eli PaintedCrow who joined the military to follow Native American tradition and to escape a life of Faulknerian hardship Between these stories Benedict weaves those of

the forty other Iraq War veterans she interviewed illuminating the complex issues of war and misogyny class race homophobia and post traumatic stress disorder Each of these stories is unique yet collectively they add up to a heartbreaking picture of the sacrifices women soldiers are making for this country Benedict ends by showing how these women came to face the truth of war and by offering suggestions for how the military can improve conditions for female soldiers including distributing women more evenly throughout units and rejecting male recruits with records of violence against women

Humanizing urgent and powerful **The Lonely Soldier** is a clarion call for change **Visual Counterculture in Japan** Marco Bohr, 2025-01-23 This book presents innovative analysis of emergent visual trends in Japan from the late 1960s to the present day Adopting a thematic approach this interdisciplinary text deconstructs the role that visual practices played in shaping a variety of countercultural discourses related to politics gender identity sexuality censorship ethics and disasters The book makes the case that visual practices do not merely function as a way to record counterculture but that such practices are in themselves contributing to dynamics of resistance By considering a wide range of artists photographers film makers and practitioners the book focuses on the way that visual culture transgresses subverts or in the very least questions assumed socio cultural boundaries in Japan In doing so the book foregrounds the crucial role that images play in our society today Images are no just depictions of political shifts as and when they do occur but they form part of this very shift in their own right The book also highlights the interconnectedness between various visual practices and how they fit into wider geopolitical considerations on a global scale **He Descended Into Hell** Francis Adam Kenmore, 2023-10-30 The good life
