the common like sparrows skylarks and swallows to the exotic like golden orioles hoopoes and bee eaters It was not just at the battle front that birds found themselves in the firing line but also on the home front Birds provided inspiration for politicians poets and painters who carried on despite the terrible conflict raging all around them For the Foreign Secretary Edward Grey who worked tirelessly to preserve peace but ended up convincing the House of Commons to go to war birds were his hinterland But as well as declaring war on Germany on 4 August 1914 the government also declared war on the humble house sparrow farmers falsely accusing it of destroying Britain s dwindling wheat and oat supplies When the guns finally fell silent on the 11 November 1918 and the Great War came to an ignoble end a generation of birdwatchers lay dead Among them were scientists researchers lords librarians artists authors professors poets lawyers surgeons and explorers many barely having entered manhood If they had lived the science of ornithology and the hobby of birdwatching would have undoubtedly been much the richer A selection of them is included in the Ornithological Roll of honor at the back of this book
