freedom of the press the right to divorce and the prerogative of a nation to depose and put to death an unsatisfactory ruler These views had rendered him an outcast William Poole devotes particular attention to Milton s personal life his reading and education his ambitions and anxieties and the way he presented himself to the world Although always a poet first Milton was also a theologian and civil servant vocations that informed the composition of his masterpiece At the emotional center of this narrative is the astounding fact that Milton lost his sight in 1652 How did a blind man compose this intensely visual work Poole opens up the world of Milton s masterpiece to modern readers first by exploring Milton s life and intellectual preoccupations and then by explaining the poem itself its structure content and meaning Poole s book may well become what he shows Paradise Lost soon became a classic Times Literary Supplement Smart and original Demonstrates with astonishing exactitude how Milton s life and most impressively of all his reading enabled this epic The Spectator This deeply learned and lucidly written book makes this most ambitious of early modern poets accessible to his modern readers Journal of British Studies

The Lost Girls Andrew Radford, 2007 *The Lost Girls* analyses a number of British writers between 1850 and 1930 for whom the myth of Demeter s loss and eventual recovery of her cherished daughter Kore Persephone swept off in violent and catastrophic captivity by Dis God of the Dead had both huge personal and aesthetic significance This book in addition to scrutinising canonical and less well known texts by male authors such as Thomas Hardy E M Forster and D H Lawrence also focuses on unjustly neglected women writers Mary Webb and Mary Butts who utilised occult tropes to relocate themselves culturally and especially in Butts s case to recover and restore a forgotten legacy the myth of matriarchal origins These novelists are placed in relation not only to one another but also to Victorian archaeologists and especially to Jane Ellen Harrison 1850 1928 one of the first women to distinguish herself in the history of British Classical scholarship and whose anthropological approach to the study of early Greek art and religion both influenced and became transformed by the literature Rather than offering a teleological argument that moves lock step through the decades *The Lost Girls* proposes chapters that detail specific engagements with Demeter Persephone through which to register distinct literary cultural shifts in uses of the myth and new insights into the work of particular writers
