Dom's Guide to BdsM Matthew Larocco, 2015-10-14 Dom's guide to BDSM was specifically written for Doms Masters. In Volume 2 of this series we're going to focus on how to better communicate with a sub and how to go back and forth with role playing. We're going to teach you how to express yourself, how to read your sub and look for cues, and how to go about getting a real life BDSM relationship started. We're also going to discuss how to train your sub accordingly and with a purpose. This is important and is an often neglected part of the BDSM community. The highly sensationalized purely sexual relationships you read about or see depicted in TV or movies is not the only type of relationship forged. Some relationships really are all about personal missions, self improvement, and getting in touch with suppressed inner feelings. We will cover this as well as the most important part of BDSM dominance: having a plan. You will learn how to be an excellent Dom and it all starts with a few simple steps. Back cover.

How can she even think of submitting herself to three men and a lifestyle that she has begged her sister to leave?

A Submissive by Design Danika Lansing's boss Marlina is called away at the last minute to help her pregnant daughter. She throws a job at Dani that she would normally never give her. It's the design and construction of a dominant's playroom. Her boss confides she has been doing this for some time and that she is a dominant herself. Dani's shocked but she likes her boss and can't let her down. Now she finds herself not only supervising the construction crew but lusting after the three gorgeous men who have been hired to construct the playroom. When she finds out Holden, Oliver, and Bart are more than willing to teach her about dominance and submission with the playroom as their classroom, she knows she's stumbled onto something that will help her find out who she really is. Does she dare risk her job and all she has worked so hard to achieve to pursue what she has thought of as her dark side, or will she turn her back on the three men who make her want more?
