Department for International Development annual report 2007 Great Britain: Department for International Development, 2007-05-22 This annual report details the work and expenditure of the Department for International Development DFID during the period April 2006 to March 2007 working as part of the wider international effort to tackle world poverty and promote the sustainable development of low income countries The report includes chapters on reducing poverty in Africa and Asia and progress towards the Millennium Development Goals making the multilateral system and bilateral aid more effective fragile states conflicts and crises environment climate change and natural resources and working with others on policies beyond aid The assessment of progress is structured around the DFID Public Service Agreement PSA targets *Foreign and Commonwealth Office Annual Report 2007-08* Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2009 This report is the Committee's annual review of how the FCO is managing its resources examining the departmental annual report for 2007 08 Cm 7398 ISBN 9780101739825 Chapters cover new strategic framework performance measurement global network essential services FCO Services personnel issues transparency and openness financial management public diplomacy and communication the British Council the BBC World Service The Committee is concerned that the FCO is facing serious financial pressures in this financial year due to the Treasury's withdrawal of its support for the Overseas Pricing Mechanism OPM which used to protect departments from the weakening of sterling There is a risk that the FCO may not be able to meet higher international subscriptions over the next two financial years causing its performance against Public Service Agreement targets to suffer The likely increase in the UN Regular Budget and other international subscriptions will push this figure even higher The FCO should have to shoulder the financial burden from within its already tight budget to pay for subscriptions which also benefit other Government departments The Committee recommends that additional nondiscretionary costs should properly be met by the Treasury **European Union Committee annual report 2007** Great Britain: Parliament: House of Lords: European Union Committee, 2007-11 This report describes the work of the House of Lords EU Select Committee and its seven Sub Committees over the past year and considers the Committee's work in the coming year It analyses scrutiny overrides occasions when Ministers act before the Committee's scrutiny is complete and urges the Government to ensure that Committees are kept fully informed about the progress of negotiations It also makes recommendations regarding General Approaches delays in Ministerial correspondence with the Committee the contents of Government Explanatory Memoranda and Commission responses to Committee reports *Intelligence and Security Committee Annual Report 2007-2008* Great Britain: Intelligence and Security Committee, 2009 The focus of this Report is the administration policy and finance of the three Agencies the Security Service the Secret Intelligence Service SIS and the Government Communications Headquarters GCHQ and issues concerning the wider intelligence community The Agencies resources have increased and will continue to increase over the next three years but

they still have to make difficult decisions about priorities often on a daily basis The stark reality is that they cannot cover all the threats to the level desired This report examines all the challenges the Agencies face in allocating their resources how they use those resources and how to ensure they are providing value for money particularly in the current economic climate It also examines common areas of concern such as resilience The Report also examines the work of the wider intelligence community it is clear that the Agencies can not work in isolation and therefore in overseeing them the Committee must also examine the work of others The Report therefore also comments on the Government's counter terrorism strategy CONTEST and the work of the Office for Security and Counter Terrorism in the Home Office the intelligence structure in the Cabinet Office including the Joint Intelligence Committee and the Assessments Staff other Agencies within the community such as the Defence Intelligence Staff the Joint Terrorism Analysis Centre and the Centre for the Protection of National Infrastructure and issues which affect the community as a whole such as the use of intercept material as evidence in court and the SCOPE IT system

Department for International Development annual report 2007 Great Britain: Parliament: House of Commons: International Development Committee, 2007-11-15 The Committee's report reviews the Department for International Development's 2007 annual report HCP 514 session 2006 07 ISBN 9780102945195 focusing on issues of efficiency and effectiveness The Committee welcomes the increase in the DFID's budget under the Comprehensive Spending Review Settlement for 2008 11 in line with the target of 0.7 per cent of Gross National Income to be allocated to Official Development Assistance by 2013 However it notes the significant challenge for DFID in using this funding effectively when it is also required to reduce its administrative costs and therefore staff numbers at a time when its focus is shifting increasingly towards fragile states where providing assistance is resource intensive Concerns are raised that DFID continues to emphasise inputs rather than outcomes although DFID's new Public Service Agreement Delivery Agreement and the plans to establish the Independent Advisory Committee on Development Impact should make it easier to identify whether DFID's expenditure is effective in reducing poverty in developing countries Four areas for improvement in DFID's work are highlighted relating to gender equality climate change governance and agricultural development

Annual Report Newark Public Library,1907 *EU Counterterrorism Policy* Oldrich Bures,2016-04-22 Although there is a vast body of literature covering the ongoing debates concerning the novelty and gravity of the contemporary terrorist threat as well as the most appropriate response to it few authors have thus far analysed the complex set of counterterrorism measures that both the individual Member States and the European Union EU have attempted to develop This volume offers a critical analysis of the measures the European Union has taken to combat terrorism and how in a number of key areas EU counterterrorism policy is more of a paper tiger than an effective counterterrorism device Several legal EU counterterrorism instruments have not been properly implemented at the national level and questions have been raised regarding their effectiveness appropriateness and proportionality The capabilities of EU agencies in the area of counterterrorism remain rather weak and the EU Counterterrorism Coordinator does not have any real powers apart from persuasion However this does not mean that EU level action cannot offer any value added in the fight against terrorism There are several areas where the EU can provide genuine value added in the fight against terrorism due to the transnational nature of the contemporary terrorist threat and the nature of a borderless Europe *The Best of Brochure Design 11* Kiki Eldridge,2012-10 This collection of the world s best brochure design offers hundreds of ideas pages of inspiration and armloads of advice for professional graphic designers and students alike **Intelligence and Government in Britain and the United States**
