Murray's English Grammar Lindley Murray, 1832 *An Abridgement of Murray's English Grammar and Exercises*
Lindley Murray, Joab Goldsmith Cooper, 1828 *Murray's English Grammar Simplified* Allen Fisk, 1822 *The Musical Sounds of Medieval French Cities* Gretchen Peters, 2012-09-27 Drawing upon hundreds of newly uncovered archival records Gretchen Peters reconstructs the music of everyday life in over twenty cities in late medieval France Through the comparative study of these cities political and musical histories the book establishes that the degree to which a city achieved civic authority and independence determined the nature and use of music within the urban setting The world of urban minstrels beyond civic patronage is explored through the use of diverse records their livelihood depended upon seeking out and securing a variety of engagements from confraternities to bathhouses Minstrels engaged in complex professional relationships on a broad level as with guilds and minstrel schools and on an individual level as with partnerships and apprenticeships The study investigates how minstrels fared economically and socially recognizing the diversity within this body of musicians in the Middle Ages from itinerant outcasts to wealthy and respected town musicians *The Analysis of Gothic Architecture* , 2022-12-05 The essays in this volume reflect on and build on the remarkable legacies of Robert Mark and Andrew Tallon who pioneered the application of high technology research methods to the study of Gothic architecture Combining personal reminiscences and historiographical discussions with meticulous geometrical and structural analyses based on photogrammetric and laser scanned building surveys this book offers valuable new perspectives not only on Mark and Tallon themselves but also on major churches including the abbeys of Saint Denis and Alcoba a Santa Maria Novella in Florence Notre Dame in Paris and the cathedrals of Clermont Reims and Wells Contributors are Sheila Bonde Robert Bork Lindsay S Cook Michael Davis James Hillson Kyle Killian Peter Kurmann Clark Maines Ethan Mark Stephen Murray Sergio Sanabria Dany Sandron Ellen Shortell Elizabeth B Smith Rebecca Smith Arnaud Timbert Stefaan Van Liefferinge and Nancy Wu See inside the book **Murray's English Grammar Simplified Designed to Facilitate the Study of the English Language ...** Lindley Murray, Allen Fisk, 1846 *Essays on Roberto Gerhard* Monty Adkins, Michael Russ, 2017-03-07 For much of the mid twentieth century Roberto Gerhard found himself an outsider He was airbrushed from much writing on contemporary music in Spain during the Franco regime and was known in England more for his commercial music for theatre film and radio than his concert works However his significance as a musical innovator in developing serial technique and in the field of electro acoustics is now being gradually recognised in both Spain and England as well as further afield The volume explores an extensive range of Gerhard s work from the early Wind Quintet and the Spanish ballets Pandora and Don Quixote with their overt political overtones through to the late period Metamorphoses and a newly discovered chance based composition Claustrophilia written in response to a request by John Cage for his book Notations One of the key themes presented throughout the book is Gerhard s innovative use of serialism Gerhard s development of Schoenberg s technique

led him to explore the serialization of both pitch and time This volume suggests evidence for the first time that situates Gerhard's idiosyncratic experiments alongside rather than after the total serialist works of his European counterparts Pierre Boulez Olivier Messiaen and Karlheinz Stockhausen

Lance Comfort Brian McFarlane, 2019-01-04 In the years between 1941 and 1965 Lance Comfort made some of the most entertaining films in Britain There was the striking success of his second feature as director Hatter's Castle 1941 and when he returned to this melodramatic vein in 1945 he made a series of highly proficient and enjoyable studies in obsession including Bedelia 1946 with Margaret Lockwood as a murderess and Temptation Harbour 1947 starring Robert Newton as a decent man in the grip of erotic attraction Comfort's career has never been charted in full that is from the apprenticeship in the 1930s through the melodramas of the 1940s to the often rewarding co-features of the following two decades His is in many ways a prototypical career in British cinema his very attractive body of work has been marginalised by critical focus on a few giant figures This is a book that will appeal to all students and researchers in British cinema as well as to anyone with an interest in British films and why they were the way they were in their most productive period

string of often ground breaking compositions notably the symphonies and concertos composed in the 1950s and 1960s A particular focus in this book is Gerhard s electronic music He was a pioneer in this genre and the book will contain the first rigorous studies of this music as well as the first accurate catalogue of this electronic output His ground breaking output of incidental music for radio and the stage is also given detailed consideration
