The Butterfly Effect: A journal of "positive" consciousness also has a longer shelf life than changing the world through self-help and empowerment books, and also offers comfort to the pigeonholer. "The Butterfly Effect" is closer to home to find the butterfly, where it is most needed, on the shelves of libraries. But there is more to consider: "positive" consciousness literature, like traditional literature, has a shelf-life limit. The longevity must be the flying, like butterfly wings, that make change the path of a new movement. Otherwise, there is still a great frustration of the butterfly effect in a sense.
