Military Assistance on Request and the Use of Force Erika De Wet, 2020-03-26 In countries such as Syria Iraq South Sudan and Yemen internationally recognized governments embroiled in protracted armed conflicts and with very little control over their territory have requested direct military assistance from other states These requests are often accepted by the other states despite the circumvention of the United Nations Security Council and extensive violation of international humanitarian law and human rights In this book Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested notably whether it may be requested during a civil war Ultimately De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force

A Global History of Anti-Apartheid Anna Konieczna, Rob Skinner, 2019-04-15 This book explores the global history of anti apartheid and international solidarity with southern African freedom struggles from the 1960s It examines the institutions campaigns and ideological frameworks that defined the globalization of anti apartheid the ways in which the concept of solidarity was mediated by individuals organizations and states and considers the multiplicity of actors and interactions involved in generating and sustaining anti apartheid around the world It includes detailed accounts of key case studies from Europe Asia and Latin America which illustrate the complex relationships between local and global agendas as well as the diverse political cultures embodied in anti apartheid Taken together these examples reveal the tensions and synergies transnational webs and local contingencies that helped to create the sense of being global that united worldwide anti apartheid campaigns

Expanding US Military Command in Africa Tshepo Gwatiwa, Justin van der Merwe, 2020-12-23 This book discusses the systematic expansion of the United States Africa Command AFRICOM across the continent of Africa This book posits that AFRICOM expansion in Africa is part of a broader system of accumulation based on a government business media GBM complex Applying the concept at both structural and descriptive levels the GBM complex is a function of the synergy between the state's quest for power businesses need for expansion and the informational and hegemonic functions of media actors The United States GBM complex in Africa is supported and in some locations spearheaded by its military with dispossessing effects on local actors Drawing from African case studies analytical accounts and empirical case studies this book explores AFRICOM's role within this broader strategy The volume maps both the methods and the scope of this expansion as well as local resistance to this process and comprises perspectives from the five regions of Africa key sub regional organizations and voices from Africa's regional hegemons This book will be of much interest to students of security studies strategic studies African politics and International Relations

Economic Woman Frances Raday, 2019-05-14 The author introduces the concept of economic woman and makes her visible in duality with and opposition to the exclusive model of economic man Economic man has epitomized neo liberal capitalism which embraces competition and maximization of profit resulting in a steep increase in economic inequality The book demonstrates that women's inequality is a crucial factor in economic inequality which cannot be fully understood without relating to women's situation and that economic woman cannot thrive in the conditions of economic inequality created under global neo liberalism Emphasising the international human rights guarantees of women's right to equality in all fields of life the author documents woman's increased participation in political public financial and corporate institutions employment and entrepreneurship with some women reaching high profile positions Nevertheless using global data she reveals that economic woman lags behind with a severe economic power deficit an unfulfilled promise of equal employment opportunity a gendered impact of poverty and barriers to gender equality in the family The book analyses the trap of women's increased burden of breadwinning in the context of discriminatory laws and practices infrastructural failures and policy gaps which preempt achievement of gender equality in economic life The book is intended for the general reader academics students policy makers and NGOs It shows economic woman at a global crossroads between a universal paradigm of gender equality and pervasive barriers to equal economic opportunity The author demonstrates that tackling gender inequality restoring welfare priorities and reducing economic inequality are inextricably linked Human rights and governments have a vital role to play in addressing them all to create a sustainable economic infrastructure for the lives of women and men

Brazil-Africa Relations in the 21st Century Mathias Alencastro, Pedro Seabra, 2020-10-12 This is one of the first books to analyse the full

cycle of rise and fall of Brazil's foreign policy towards Africa in the beginning of the 21st century. During his government, former president Luiz Inácio Lula da Silva (2003–2010) made the drive towards Africa one of the cornerstones of Brazilian diplomacy and cooperation. In a bid to build strategic trading partnerships with African counterparts, Lula's government committed itself to an ambitious program centred on provisions in loans and credits as well as the exponential growth of its South-South cooperation. After Lula, however, this drive towards Africa started to decline and finally collapsed in face of political meltdown in Brazil and the proliferation of controversial judicial investigations that directly involved political leaders at the centre of most initiatives undertaken in the 2000s. The rise and fall of Brazil-Africa relations has provoked much discussion in policy making as well as scholarly research. This book seeks to provide valuable resources to the study of this process by presenting empirically based and updated analysis from different perspectives such as: The diplomatic tradition of Brazil-Africa relations; The role played by Brazilian big private companies in Africa; Brazilian health cooperation with African countries; The participation of civil society in Brazil-Africa relations; Brazil-Africa trade relations; Military cooperation between Brazil and Africa; Brazil's drive to Africa left a durable mark whose implications are yet to be understood. What were its main successes and failures? And what does the dramatic change of events with Brazil moving from a pivotal player to an almost invisible one in merely half a decade tell us about South-South cooperation? These are some of the questions that *Brazil-Africa Relations in the 21st Century: From Surge to Downturn and Beyond* intends to answer in order to provide a useful resource for Political Science and International Relations scholars interested in the study of South-South relations as well as for policy makers interested in understanding the changing dynamics of International Relations in the wake of the 21st century.

Routledge Handbook of Public Policy in the Global South Gedion Onyango, Ishtiaq Jamil, 2025-06-30. This important new handbook provides a comprehensive assessment of contemporary public policy and governance in the Global South. It offers incisive comparative analyses and presents policy-specific case studies from across Asia, Latin America, Middle East and Africa. The aim is to inform future governance research, policy and practice in these regions. This book is timely as it responds to how governments in the Global South are dealing with recent complex series of challenges and crises of the 21st Century. These range from the pressures of a global pandemic to the impacts of climate change, democratic backsliding, deteriorating public services and the realignments in the international political economy following the rise of China. In doing so, it reflects on the political transformations, global convergences and underlying regional as well as national trajectories that have taken place recently, focusing on, among others, Democratic governance and institutional trust; Public service delivery, motivation and governance outcomes; Policy crises, disaster management and climate change; Policy successes and failures; Policy innovations, digitalisation and policy research in the Global South. Different authors bring together varied and specialised perspectives and experiences which are important for researchers, practitioners and policymakers wishing to understand emerging governance models, innovations and challenges within the Global South. Digital International Relations Corneliu

Bjola, Markus Kornprobst, 2023-11-03 This book analyses how digital transformation disrupts established patterns of world politics moving International Relations IR increasingly towards Digital International Relations This volume examines technological agential and ordering processes that explain this fundamental change The contributors trace how digital disruption changes the international world we live in ranging from security to economics from human rights advocacy to deep fakes and from diplomacy to international law The book makes two sets of contributions First it shows that the ongoing digital revolution profoundly changes every major dimension of international politics Second focusing on the interplay of technology agency and order it provides a framework for explaining these changes The book also provides a map for adjusting the study of international politics to studying International Relations making a case for upgrading augmenting and rewiring the discipline Theory follows practice in International Relations but if the discipline wants to be able to meaningfully analyse the present and come up with plausible scenarios for the future it must not lag too far behind major transformations of the world that it studies This book facilitates that theoretical journey This book will be of much interest to students of cyber politics politics and technology and International Relations

Political Justice Otto Kirchheimer, 2015-12-08 How have regimes used the agencies of criminal justice for their own purposes What characterizes the linkage of politics and justice Drawing on a wealth of foreign and domestic source material Otto Kirchheimer examines systematically the structure of state protection the nature of a strictly political trial including the trial by fiat of the successor regime and the forms of legal repression that states have used against political organizations He analyzes the Nuremberg trials the Communist purge trials and a number of Smith Act trials In two highly original chapters he also explores the political and judicial nature of asylum and clemency This study of the uneasy balance between abstract justice and political expediency is a contribution to constitutional and criminal law political science and social psychology Originally published in 1961 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
