Abdi,2015-08-01 As a Somali working since high school in the United Arab Emirates Osman considers himself blessed to be in a Muslim country though citizenship with the security it offers remains elusive For Ardo smuggled out of Somalia to join her husband in South Africa insecurities are of a more immediate physical kind and her economic prospects and legal status are more uncertain Adam in the United States a destination often imagined as an earthly Eden or jannah by so many of his compatriots now sees heaven in a return to Somalia The stories of these three people are among the many that emerge from mass migration triggered by the political turmoil and civil war plaguing Somalia since 1988 And they are among the diverse collection presented in eloquent detail in *Elusive Jannah* a remarkable portrait of the very different experiences of Somali migrants in the UAE South Africa and the United States Somalis in the UAE a relatively closed Muslim nation are a minority within a large South Asian population of labor migrants In South Africa they are part of a highly racialized and segregated postapartheid society In the United States they find themselves in a welfare state with its own racial socioeconomic and political tensions A comparison of Somali settlements in these three locations clearly reveals the importance of immigration policies in the migrant experience Cawo M Abdi s nuanced analysis demonstrates that a full understanding of successful migration and integration must go beyond legal economic and physical security to encompass a sense of religious cultural and social belonging Her timely book underscores the sociopolitical forces shaping the Somali diaspora as well as the roles of the nation state the war on terror and globalization in both constraining and enabling their search for citizenship and security **South African Defence Force Review** ,1990 Encyclopedia of Health

Ending Africa's Energy Deficit and the Law Yinka Omorogbe, Ada Okoye Ordor, 2018 With the inclusion of access to energy in the sustainable development goals the role of energy to human existence was finally recognized Yet in Africa this achievement is far from

realized Omorogbe and Ordor bring together experts in their fields to ask what is stalling progress examining problems from institutions catering to vested interests at the continent's expense to a need to develop vigorous financial and fiscal frameworks The ramifications and complications of energy law are labyrinthine this volume discusses how energy deficits can burden disabled people women and children in excess of their more fortunate counterparts as well as considering environmental issues including the delicate balance between the necessity of water for drinking and cleaning and the use of water in industrial processes A pivotal work of scholarship the book poses pressing questions for energy law and international human rights *Mergent International Manual*, 2003

The Nature and Extent of Drug Use and the Prevalence of Related Problems in South Africa Lee Rocha-Silva, 1998 This project was motivated by a prevailing concern among national policy makers and service providers with preventing an expected increase in drug related health and socioeconomic problems in South Africa e.g. diseases such as HIV AIDS TB and Foetal Alcohol Syndrome traffic accidents crime violence and loss of productivity Cognizance was taken of the fact that comprehensive and integrated information critical for a cost effective and co-ordinated prevention strategy in the RSA was lacking mainly because of limited to some extent unrefined and especially fragmented research infrastructure Consequently at the end of 1995 and under the leadership of the Centre for Alcohol Drug related Research HSRC a number of stakeholder agents mobilized national surveillance of the nature extent of drug use and related problems to inform and monitor the impact of preventive policy actions in South Africa Collaborators represented policy makers service providers and research houses from a wide array of contexts linked through the South African Researcher Practitioner Association SARPAA During 1996 the foundation was laid for national surveillance
