South Western's 95 years of accounting leadership is the culmination of generations of commitment to teacher and student
needs Why do thousands of teachers choose Century 21 Accounting each year Content The fundamental accounting content

illustrations as the starting point for understanding accounting To meet this need our illustrations are consistently placed at
the top of the page and include step by step instructions The supporting text reinforces concepts presented in the
illustrations for complete accounting instruction South Western is the only publisher that covers all three concepts of the
accounting cycle The Multicolumn Journal Approach starts with the traditional multicolumn journal through Cycle One and
Two and moves into special journals in Cycle Three Individual Lessons Each chapter is divided into three or four lessons with
corresponding assessment activities right at the point of use These focused lessons improve student comprehension by
providing immediate reinforcement of accounting concepts Automated Accounting in Every Chapter Computerized
accounting is a reality in the workplace and we've responded by moving Automated Accounting sections into every chapter
Students can immediately see the connection between accounting concepts and their automated applications Many Short
Problems In addition to the new end of lesson problems we have introduced several short application problems at the end of
each chapter Students have the opportunity to build their knowledge one step at a time before completing the longer mastery
and challenge problems Century 21 Accounting Multicolumn Journal Approach starts with the traditional multicolumn journal
then moves students into special journals in Cycle Three *South-Western Century 21 Accounting* Claudia Bienias
