Manickavasagan, Praveena Thirunathan, 2020-05-25 World health authorities recommend people maximize their protein intake through vegetable sources such as pulses and reduce protein intake from animal sources Increasing vegetable protein intake has been shown to be positively associated with the reduction of both cardiovascular disease related mortality and all cause mortality Pulse consumption has been shown to improve satiety and metabolism of glucose and lipids due to their high protein and fiber

content which makes their consumption ideal for preventing and managing obesity In recent years there has been increasing demand for pulses and pulse based products in developed countries Several large scale collaborative research projects on pulse products have been initiated by government agencies Similarly established multinational food companies have developed pulse product units Pulses Processing and Product Development fulfills the need for a comprehensive book on processing and products of pulses The book addresses a specific pulse with each chapter to meet a wide range of audiences from undergraduate students to consumers

Rights, Religious Pluralism and the Recognition of Difference Dorota Anna Gozdecka, 2015-08-27 Human rights and their principles of interpretation are the leading legal paradigms of our time Freedom of religion occupies a pivotal position in rights discourses and the principles supporting its interpretation receive increasing attention from courts and legislative bodies This book critically evaluates religious pluralism as an emerging legal principle arising from attempts to define the boundaries of freedom of religion It examines religious pluralism as an underlying aspect of different human rights regimes and constitutional traditions It is however the static and liberal shape religious pluralism has assumed that is taken up critically here In order to address how difference is vulnerable to elimination rather than recognition the book takes up a contemporary ethics of alterity More generally and through its reconstruction of a more difference friendly vision of religious pluralism it tackles the problem of the role of rights in the era of diverse narratives of emancipation

Religious Accommodation and its Limits Farrah Raza, 2023-04-20 On what grounds should religious accommodation claims be limited When do religious claims harm the autonomy of others This book proposes an original model of religious accommodation which can be applied in secular liberal democracies where religious diversity has been a hotly contested issue Addressing the complex question of limitations to the right to Freedom of Religion or Belief and how these limitations might be determined it examines how religious claims can harm the autonomy of others and emphasises the need for an appropriate balancing of competing interests Drawing on a range of case study examples from jurisdictions including the US Canada the European Court of Human Rights the European Union s Court of Justice the UK Germany and France this is a timely contribution to the debate on how a legal duty or policy approach in favour of religious accommodation can be applied in practice Moreover the proposed model offers criteria that may be used to guide the implementation of equality and diversity policies in contexts such as employment and education The book will be of interest to academics legal practitioners and policy makers in the field
