The Creation of Anne Boleyn Susan Bordo, 2013-04-09 This illuminating history examines the life and many legends of the 16th century Queen who was executed by her husband King Henry VIII Part biography part cultural history The Creation of Anne Boleyn is a fascinating reconstruction of Anne's life and a revealing look at her afterlife in the popular imagination Why is her story so compelling Why has she inspired such extreme reactions Was she the flaxen haired martyr of Romantic paintings or the raven haired seductress of twenty first century portrayals Answer neither But the most provocative question of all concerns Anne's death How could Henry order the execution of a once beloved wife Drawing on scholarship and critical analysis Bordo probes the complexities of one of history's most infamous relationships She then demonstrates how generations of polemicists biographers novelists and filmmakers have imagined and re imagined Anne whore martyr cautionary tale proto mean girl feminist icon and everything in between In *The Creation of Anne Boleyn* Bordo steps off the well trodden paths of Tudoriana to tease out the human being behind the competing mythologies paintings and on screen portrayals

Century Popular Culture Jonas Takors, 2017-03-23 Each age produces its own Henry's This innovative study in popular culture examines how novels films TV series and historiography shape new versions of Henry VIII for the twenty first century From *The Other Boleyn Girl* to *The Tudors* 2009's quint centenary celebrations of Henry's coronation and *Wolf Hall* his stories are produced distributed and used in very different ways In each case the producers intentions the narrative and the targeted audiences all contribute to the discourses on Henry VIII However there no longer exists a universally accepted popularization of Tudor history so certain representations can lead to intense debates for instance in case of the TV show *The Tudors* Detailed studies of how audiences appropriate the narratives complement a thorough analysis of each text In this manner the monograph examines how different sense resources are shaped into histories in various new subgenres and how the audiences too actively compare these histories All of this takes place within an increasingly diverse historical culture Simple notions of history as a top down process are refuted as the role of the consumers and the use which they make of the individual histories is highlighted

Marriage and Violence Frances E. Dolan,2010-11-24 Marriage is often described as a melding of two people into one But what or who must be lost fragmented or buried in that process We have inherited a model of marriage so flawed Frances E Dolan contends that its logical consequence is conflict Dolan ranges over sixteenth and seventeenth century Puritan advice literature sensational accounts of true crime and late twentieth century marriage manuals and films about battered women who kill their abusers She reads the inevitable *Taming of the Shrew* against William Byrd s diary of life on his Virginia plantation Noel Coward s *Private Lives* and Barbara Ehrenreich s assessment in *Nickel and Dimed* of the relationship between marriage and housework She traces the connections between Philippa Gregory s best selling novel *The Other Boleyn Girl* and documents about Anne Boleyn s fatal marriage and her daughter Elizabeth I s much debated virginity By contrasting depictions of marriage in the sixteenth and seventeenth centuries and our own time she shows that the early modern apprehension of marriage as an economy of scarcity continues to haunt the present in the form of a conceptual structure that can accommodate only one fully developed person When two fractious individuals assert their conflicting wills

resolution can be achieved only when one spouse absorbs subordinates or eliminates the other In an era when marriage remains hotly contested this book draws our attention to one of the histories that bears on the present a history in which marriage promises both intimate connection and fierce conflict both companionship and competition
