available at caia.org for the CAIA Level II exam. Over the course of my long career, one tenet has held true: Continuing Education. Since CalSTRS is a teachers' pension plan, it is no surprise that continuing education is a core attribute of our Investment Office culture. Overseeing one of the largest institutional pools of capital in the world requires a cohesive knowledge and understanding of both public and private market investments and strategies. We must understand how these opportunities might contribute to delivering on investment outcomes for our beneficiaries.

**Alternative Investments: An Allocator's Approach** is the definitive core instruction manual for an institutional investor, and it puts you in the captain's chair of the asset owner. Christopher J. Ailman, Chief Investment Officer, California State Teachers Retirement System, gives their diversified cash flow streams and returns. Private markets continue to be a growing fixture of patient, long-term portfolios. As such, the need to have proficiency across these sophisticated strategies, asset classes, and instruments is critical for today's capital allocator. As a proud CAIA charterholder, I have seen the practical benefits in building a strong private markets foundation, allowing me to better assist my clients.

**The Art of Quantitative Finance Vol. 3** Gerhard Larcher, 2023-04-17. The textbook discusses risk management in capital markets and presents various techniques of portfolio optimization. Special attention is given to risk measurement and credit risk management. Furthermore, the author discusses optimal investment problems and presents various examples. In the last section, the book includes numerous case studies based on the author's own work as a fund manager, court-appointed expert, and consultant in the field of quantitative finance. This book is the third volume of the quantitative finance trilogy by the author and builds on the theoretical groundwork introduced in the previous books. The volume presents real-life examples of the successful application of the introduced techniques and methods in financial services and capital markets.

*Insightful Turtle* Gillian Helfgott, 2005-05-06. Astrologer Gillian Helfgott unlocks the power of the 0, traditionally ignored by numerologists, and explores its impact when positioned with the nine numbers of the traditional Chinese Lo Shu grid. With simple instructions and many fascinating case histories, including that of her husband David Helfgott, she gives us a feel for the numbers and how we can use them in a practical and effective way to understand our lives. Calculate your turtle and learn how the numbers and cycles affect you, and see why a Big 0 Birthday is more than just the turning of another decade. Whilst medical astrology cannot take the place of advice from orthodox professionals, it can often throw light on prevailing problems.
