Karina V. Korostelina

The Obama Identity English Edition:

The Obama Effect Heather E. Harris, Kimberly R. Moffitt, Catherine R. Squires, 2010-09-20 November 4 2008 ushered in a historic moment Illinois Senator Barack Obama was elected the forty fourth President of the United States of America In The Obama Effect editors Heather E Harris Kimberly R Moffitt and Catherine R Squires bring together works that place Barack Obama s candidacy and victory in the context of the American experience with race and the media Following Obama s victory optimists claimed that the campaign signaled the arrival of an era of postracism and postfeminism in the United States This collection of essays all presented at a national conference to discuss the meaning and impact of the nomination of the first presidential candidate of African descent remind the reader that reaching a point in U S history where a biracial man could be deemed electable is part of a still ongoing struggle It resists the temptation to dismiss the uncertainty hope and fear that characterized the events and discourse of the two year primary and general election cycle and brings together multidisciplinary approaches to assessing the Obama effect on public discourse and participation This volume provides readers with a means for recalling and mapping out the enduring issues that erupted during the campaign issues that will continue to shape how our society views itself and President Obama in the coming years American Identity in the Age of Obama Amílcar Antonio Barreto, Richard L. O'Bryant, 2013-11-12 The election of Barack Obama as the 44th president of the United States has opened a new chapter in the country s long and often tortured history of inter racial and inter ethnic relations Many relished in the inauguration of the country s first African American president an event foreseen by another White House aspirant Senator Robert Kennedy four decades earlier What could have only been categorized as a dream in the wake of Brown vs Board of Education was now a reality Some dared to contemplate a post racial America Still soon after Obama s election a small but persistent faction questioned his eligibility to hold office they insisted that Obama was foreign born Following the Civil Rights battles of the 20th century hate speech at least in public is no longer as free flowing as it had been Perhaps xenophobia in a land of immigrants is the new rhetorical device to assail what which is non white and hence un American Furthermore recent debates about immigration and racial profiling in Arizona along with the battle over rewriting of history and civics textbooks in Texas suggest that a post racial America is a long way off What roles do race ethnicity ancestry immigration status locus of birth play in the public and private conversations that defy and reinforce existing conceptions of what it means to be American This book exposes the changing and persistent notions of American identity in the age of Obama Am lcar Antonio Barreto Richard L O Bryant and an outstanding line up of contributors examine Obama s election and reelection as watershed phenomena that will be exploited by the president s supporters and detractors to engage in different forms of narrating the American national saga Despite the potential for major changes in rhetorical mythmaking they question whether American society has changed substantively **Barack Obama is Brazilian** Emanuelle K. F. Oliveira-Monte, 2017-11-27 This book examines US President Barack Obama s characterizations in the Brazilian media

with a specific focus on political cartoons and internet memes Brazilians celebrate their country as a racial democracy thus the US works as its nemesis The rise of a black president to the office of the most prominent country in the global political and economic landscape led some analysts to postulate that the US was living in a post racial era President Obama's election also had a tremendous impact on the imaginary of the African Diaspora and this volume investigates how the election of the first black US president complicates Brazilians own racial discourses By focusing on three events Barack Obama's election in 2008 his visit to Brazil in March 2011 and the aftermath of the US espionage on the Brazilian government in 2013 Emanuele K F Oliveira Monte analyzes Barack Obama's shifting portrayals that confirm and challenge Brazilian racial conceptions projected upon his figure

The Global Obama Dinesh Sharma, Uwe P. Gielen, 2013-12-17 The Global Obama examines the president's image in five continents and more than twenty countries It is the first book to look at Barack Obama's presidency and analyze how Obama and America are viewed by publics governments and political commentators around world The author of Barack Obama in Hawaii and Indonesia The Making of a Global President Top 10 Black History Book scaled the globe to gather opinions cultural historical and political analyses about Obama's leadership style Writers journalists psychologists consultants and social scientists present their views on Obama's leadership popularity and many of the global challenges that still remain unresolved As a progress report this is the first book that tries to grasp the Obama phenomenon in totality as perceived by populations around the world with special focus on America's leadership in the 21st Century

Obama on Our Minds Lori A. Barker, 2016-08-01 The election of Barack Obama as the first African American President of the United States was an historic event that evoked strong emotional reactions in people across the nation and the world In Obama on Our Minds psychologists studying racism stereotyping ethnic identity sexual orientation and immigration all come together to analyze the enormous impact of Barack Obama's presidency

Identity and Diversity on the International Bench Freya Baetens, 2020 A distinctive feature of modern international society is the increase in the number of international judicial bodies and dispute settlement and implementation control bodies in their case loads and in the range and importance of the issues they are called upon to address These factors reflect a new stage in the delivery of international justice The International Courts and Tribunals series has been established to encourage the publication of independent and scholarly works which address in critical and analytical fashion the legal and policy aspects of the functioning of international courts and tribunals including their institutional substantive and procedural aspects Book jacket

Neo-race Realities in the Obama Era Heather E. Harris, 2019-05-01 Neo race Realities in the Obama Era expands the discourse about Barack Obama's two terms as president by reflecting upon the impact of neo racism during his tenure Continually in conversation with tienne Balibar's conceptualization of neo racism as being racism without race the contributors examine how identities become the target of neo racist discriminatory practices and policies in the United States Individual chapters explore how President Obama's multiple and intersecting identities beyond the racial binaries of Black and White were perceived as well as how his

presence impacted certain marginalized groups in our society as a result of his administration's policies. Evidencing the hegemonic complexity of neo racism in the United States the contributors illustrate how the mythic post race society that many wished for on election night in 2008 was deferred in order to return to the uncomfortable comfort zone of the way America used to be.

The Rise of the Alt-Right Thomas J. Main, 2018-07-31 What is the Alt Right and how will it affect America? Donald Trump's election as president in 2016 suddenly brought to prominence a political movement that few in political circles or the mainstream media had paid much attention to. The so called Alt Right. Steven Bannon, Trump's campaign manager, was a leading figure in the movement and the election results seemed to give it a real opportunity to gain some political power. But what is the Alt Right? Is it a movement, a theory, a trend, or just an unorganized group of people far outside of what used to be the political mainstream in America? Or could it be all of these things? Why has it suddenly emerged into prominence? What impact is it having on American politics today and what are the prospects for the Alt Right in the future? Through careful research and analysis *The Rise of the Alt Right* addresses these and other questions, tracing the movement's history from the founding of modern conservatism in postwar America to the current Trump era. Although the Alt Right might seem to be just the latest extremist group to arise in the United States, one likely to take its place in the graveyard of its many predecessors, Thomas J. Main analyzes evidence that the Alt Right is having a greater influence on the American political mainstream than did past extremist tendencies. *The Rise of the Alt Right* is thus an important study for anyone interested in the future of American politics and public life.

Religion in the Age of Obama Juan M. Floyd-Thomas, Anthony B. Pinn, 2018-08-23 This is the first book to focus on the significance of religion during President Obama's years in the White House. Addressing issues ranging from identity politics, immigration, income inequality, Islamophobia, and international affairs, *Religion in the Age of Obama* explores the religious and moral underpinnings of the Obama presidency and subsequent debates regarding his tenure in the White House. It provides an analysis of Obama's beliefs and their relationship to his vision of public life, as well as the way in which the general ethos of religion and non religion has shifted over the past decade in the United States under his presidency. Topics include how Obama has employed religious rhetoric in response to both international and domestic events, his attempt to inhabit a kind of Blackness that comforts and reassures rather than challenges White America, the limits of Christian hospitality within U.S. immigration policy, and the racialization of Islam in the U.S. national imagination. *Religion in the Age of Obama* shows that the years of the Obama presidency served as a watershed moment of significant reorganization of the role of religion in national public life. It is a timely contribution to debates on religion, race, and public life in the United States.

Plunder and Deceit Mark R. Levin, 2016-07-19 In modern America, talk radio host Levin argues the civil society is being steadily devoured by a ubiquitous federal government. But as the government grows into an increasingly authoritarian and centralized federal Leviathan, many parents continue to tolerate, if not enthusiastically champion, grievous public policies that threaten their children and

successive generations with a grim future at the hands of a brazenly expanding and imploding entitlement state poised to burden them with massive debt mediocre education waves of immigration and a deteriorating national defense Levin's latest book is an appeal to reason and audacity one intended for all Americans but particularly the rising generation Younger people must find the personal strength and will to break through the cycle of statist manipulation unrelenting emotional overtures and the pressure of groupthink which are humbling dispiriting and absorbing them to stand up against the heavy hand of centralized government which if left unabated will assuredly condemn them to economic and societal calamity

The Making of Barack Obama Matthew Abraham, Erec Smith, 2013-10-01 The Making of Barack Obama The Politics of Persuasion provides the first comprehensive treatment of why Obama's rhetorical strategies were so effective during the 2008 presidential campaign during the first four years of his presidency and once again during the 2012 presidential campaign

Obama's Bank Michael Likosky, 2010-09-13 The Obama administration aims to lay a sound foundation for growth by investing in high speed rail clean energy information technology drinking water and other vital infrastructures The idea is to partner with the private sector to produce these public goods An Obama government bank will direct these investments making project decisions based on the merits of each project not on politics This approach has been a cornerstone of US foreign policy for several decades In fact our government led reinvestment in America is modeled explicitly on international public banks and partnerships However although this foreign commercial policy is well established with many successes it has also been deservedly controversial and divisive This book describes the international experience drawing lessons on how the Obama Bank can forge partnerships to promote a durable twenty first century New Deal

Secrecy, National Security and the Vindication of Constitutional Law D. Cole, 2013 This is an important collection of scholarly essays that will illuminate positive legal developments and normative constitutionalist concerns in the expanding arena of secret government decisions This book is indispensable reading for those concerned with constitutionalism the rule of law and democracy as they bear on the tensions between secrecy and disclosure in government responses to terrorism

Vicki C Jackson Harvard University Law School US This book contains the broadest and deepest analysis of the legal and policy issues that relate to secrecy and national security on one hand and the imperatives of a functioning democracy on the other The broadest because it brings to bear materials from many countries the deepest because it brilliantly explores a core problem of constitutional government

Norman Dorsen New York University US and President American Civil Liberties Union 1976 1991 Virtually every nation has had to confront tensions between the rule of law demands for transparency and accountability and the need for confidentiality with respect to terrorism and national security This book provides a global and comparative overview of the implications of governmental secrecy in a variety of contexts Expert contributors from around the world discuss the dilemmas posed by the necessity for and evils of secrecy and assess constitutional mechanisms for checking the abuse of secrecy by national and international institutions in the field of counter terrorism In recent years

nations have relied on secret evidence to detain suspected terrorists and freeze their assets have barred lawsuits alleging human rights violations by invoking state secrets and have implemented secret surveillance and targeted killing programs The book begins by addressing the issue of secrecy at the institutional level examining the role of courts and legislatures in regulating the use of secrecy claims by the executive branch of government From there the focus shifts to the three most vital areas of anti terrorism law preventive detention criminal trials and administrative measures notably targeted economic sanctions The contributors explore how assertions of secrecy and national security in each of these areas affect the functioning of the legal system and the application of procedural justice and fairness Students professors and researchers interested in constitutional law international law comparative law and issues of terrorism and security will find this an invaluable addition to the literature Judges lawyers and policymakers will also find much of use in this critical volume

Trump Effect Karina V. Korostelina, 2016-10-14 Professor Karina V Korostelina presents insights into the Trump effect and explains how the support for Trump among the American general public is based on three complementary pillars First Trump champions a specific conception of American national identity that empowers his supporters Second Trump's leadership has to an extent been crafted from his ability to recognize where and with whom he can get the most return on his investment e.g. his political comments and address the perceived general malaise in the U.S. Trump also mirrors the emotions of a disenfranchised American public and inspires the use of frustration based anger and insults to achieve desired aims He addresses the public's intolerance of uncertainty and ambivalence by providing simpler solutions to complex national problems and by blurring the boundary between the leading political parties Further Trump employs existing political polarization and has established a new kind of morality Third Trump challenges the existing political balance of power within the U.S. and globally The overarching goal of this book is to show how the popularity of Trump has revealed substantial problems in the social political and economic fabric of American life Aimed at the general public and students in the U.S. and internationally the book goes beyond many explanations of the Trump Effect Using a multidisciplinary theoretical lens it provides a systemic multifaceted analysis based on multiple theories of social identity emotions cognitions morality and power to explain the broader social phenomena of the rise of individuals in society

Multilingual Routes in Translation Maria Sidiropoulou, Tatiana Borisova, 2022-04-07 This book tackles the interface between translation and pragmatics It comprises case studies in English Greek Russian and Chinese translation practice which highlight the potential of translation to interact with pragmatics and reshape meaning making in a target language in various pragmatically relevant ways Fiction and non-fiction genres merge to suggest a rich inventory of interlingual transfer instances which can broaden our perception of what may be shifting in translation transfer Authors use an emic approach in addition to an etic one to confirm results which they often present graphically The book has a didactic perspective in that it shows how pragmatic awareness can regulate translator behaviour and is also useful in foreign language teaching because it shows how important implicit

knowledge can be in shaping the message in a foreign language **Deviance in International Relations** W. Wagner, W. Werner, M. Onderco, 2014-03-30 Rogue states have been high on the policy agenda for many years but their theoretical significance for international relations has remained poorly understood In contrast to the bulk of writings on rogue states that address them merely as a policy challenge this book studies what we can learn from deviance about international politics

American Journal of Islamic Social Sciences 30:4 Abdelwahab El-Affendi, Abadir M. Ibrahim, Esmaeil Esfandiary, Ali Aslan, Lyndall Herman, Amr G.E. Sabet, Stephen Cory, Turan Kayaoglu, Sadek Hamid, Dale J. Correa, Ziauddin Sardar, Nader Hashmi, Meriem El Haitami, Afif Pasuni, Jay Willoughby, 2014-09-01 The American Journal of Islamic Social Sciences AJISS established in 1984 is a quarterly double blind peer reviewed and interdisciplinary journal published by the International Institute of Islamic Thought IIIT and distributed worldwide The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology history philosophy and metaphysics politics psychology religious law and traditional Islam *The Politics of Language in Puerto Rico* Amílcar Antonio Barreto, 2020-01-06 In 1991 the Puerto Rican government abolished bilingualism claiming that Spanish only was necessary to protect the culture from North American influences A few years later bilingualism was restored and English was promoted in public schools This revised edition of *The Politics of Language in Puerto Rico* is updated with an emphasis on the dual arenas where the language controversy played out Puerto Rico and the United States Congress and includes new data on the connections between language and conflicting notions of American identity This book shows that officials in both San Juan and Washington along with English first groups used these language laws as weapons in the battle over U S Puerto Rican relations and the volatile debate over statehood **Research for Designers** Gjoko Muratovski, 2021-12-01 Design is everywhere It influences how we live what we wear how we communicate what we buy and how we behave To design for the real world and define strategies rather than just implement them you need to learn how to understand and solve complex intricate and often unexpected problems Research for Designers is the guide to this new evidence based creative process for anyone doing research in Design Studies or looking to develop their design research skills The book Takes an organized approach to walking you through the basics of research Highlights the importance of data Encourages you to think in a cross disciplinary way Including interviews with 10 design experts from across the globe this guide helps you put theory into practice and conduct successful design research *Obama and the Biracial Factor* Andrew J Jolivette, 2012-02-01 Since the election in 2008 of Barack Obama to the Presidency of the United States there have been a plethora of books films and articles about the role of race in the election of the first person of color to the White House None of these works though delves into the intricacies of Mr Obama's biracial background and what it means *Obama and the Biracial Factor* is the first book to explore the significance of mixed race identity as a key factor in the election of President Obama and examines the sociological and political relationship between race power and public policy in the United States with an emphasis on public

discourse and ethnic representation in his election Jolivette and his co authors bring biracial identity and multiraciality to forefront of our understanding of racial projects since his election Additionally the authors assert the salience of mixed race identity in U S policy and the on going impact of the media and popular culture on the development implementation and interpretation of government policy and ethnic relations in the U S and globally Obama and the Biracial Factor speaks to a wide array of academic disciplines ranging from political science and public policy to sociology and ethnic studies

This is likewise one of the factors by obtaining the soft documents of this **The Obama Identity English Edition** by online.
