

SETTING THE STAGE

_____ the grandson of _____, assumed the title _____ in 1260. In theory, the Great Khan ruled the entire Mongol Empire. In reality, the empire had split into four khanates. Other descendants of Genghis ruled Central Asia, Persia, and Russia as semi-independent states. So, Kublai focused instead on _____.

_____ and range of his own khanate, which already included Mongolia, Korea, Tibet, and northern China. To begin, however, he had to fulfill the goal of his grandfather to conquer all of China.

Kublai Khan Becomes Emperor

The Chinese held off Kublai's attacks for several years. However, his armies finally overwhelmed them in _____. Throughout China's long history, the Chinese feared and fought off invasions by northern nomads. China sometimes lost territory to nomadic groups, but no foreigner had ever ruled the whole country. With Kublai's victory, that changed.

Beginning a New Dynasty

As China's new emperor, Kublai Khan founded a new dynasty called the _____. It lasted less than a century, until _____, when it was overthrown. However, the Yuan era was an important period in Chinese history for several reasons. First, Kublai Khan united China for the

considered one of China's _____. Second, the control imposed by the Mongols across all of Asia opened China to greater _____ and _____. Finally, Kublai and his successors tolerated Chinese culture and made few changes to the system of _____.

Unlike his Mongol ancestors, Kublai abandoned the _____ for China. He did not share his ancestors' dislike of the settled life. On the contrary, he rather enjoyed living in the luxurious manner of a Chinese emperor. He maintained a beautiful summer palace at Shangdu, on the border between Mongolia and China. He also built a new square-walled capital at the site of modern _____. Kublai built this palace to enhance his prestige, but his new capital meant something more. Previously, the Great Khans had ruled their empire from Mongolia. Moving the capital from Mongolia to China was a sign that Kublai intended to make his mark as emperor of China.

Failure to Conquer Japan

After conquering China, Kublai Khan tried to extend his rule to _____. In 1274 and again in 1281, the Great Khan sent huge fleets against Japan. The Mongols forced _____ to build, sail, and provide provisions for the boats, a costly task that almost ruined Korea. Both times the Japanese turned back the Mongol fleets. The second fleet carried _____ Mongol, Chinese, and Korean warriors—the largest _____ force in history until World War II. After _____, Japanese warriors had fought the invaders to a standoff. Then, on the following day, the sky darkened and a typhoon swept furiously across the _____. Mongol ships were upended, smashed, and dashed to bits against the rocky shore, despite their sailors' attempts to escape onto the open sea. For centuries afterward, the Japanese spoke reverently of the kamikaze, or "divine wind," that had saved Japan.

Kublai Khan

US Foreign Policy in World History David Ryan, 2000 A survey of US foreign relations and its perceived crusade to spread liberty and democracy in the two hundred years since the American Revolution It is structured around central episodes and ideas in the history of US foreign policy

Navigating World History P. Manning, 2003-05-15 World history has expanded dramatically in recent years primarily as a teaching field and increasingly as a research field Growing numbers of teachers and Ph.D.s in history are required to teach the subject They must be current on topics from human evolution to industrial development in Song dynasty China to today's disease patterns and then link these disparate topics into a coherent course Numerous textbooks in print and in preparation summarize the field of world history at an introductory level But good teaching also requires advanced training for teachers and access to a stream of new research from scholars trained as world historians In this book Patrick Manning provides the first comprehensive overview of the academic field of world history He reviews patterns of research and debate and proposes guidelines for study by teachers and by researchers in world history

Philosophy of Development A.W. van Haaften, Michiel Korthals, T.E. Wren, 2013-04-17 Philosophy of development is a fascinating area of research at the intersection of philosophy psychology and education This book is unique in that it combines a broad sketch of contemporary developmental theory with detailed discussions of its central issues in order to construct a general framework for understanding and analyzing theories of individual and collective development in various domains ranging from cognitive and moral development to developments in art Special attention is also given to the rich relations between conceptual development and education

Studies in World History Volume 2 (Student) James P. Stobaugh, 2014-03-18 The New World to the Modern Age 1500 AD to 1900 AD Chronologically based but focused more on skill development Meant to be a 30 to 45 minute experience every day World history is combined with social studies in a one year course The middle school student will see history come to life no matter what their pace or ability Developed by Dr James Stobaugh the courses grow in difficulty with each year preparing students for high school work This is a comprehensive examination of history geography economics and government systems This educational set equips students to learn from a starting point of God's creation of the world and move forward with a solid biblically based worldview Volume II Covers Clash of Cultures Europe and the Renaissance Reformation Revolutions and more
