Overcoming

Orientalism Tamara Sonn, 2021-05-28 Since John Esposito published his first book nearly 40 years ago he has been guiding readers beyond misleading and dangerous stereotypes of Muslims. The essays in this volume highlight the contributions of scholars from a variety of disciplines who like Esposito present Islam as a multi-faceted and dynamic tradition embraced by communities in globally interconnected but substantially diverse contexts over the centuries. *Comparative Theology in the Millennial Classroom* Mara Brecht, Reid B. Locklin, 2015-12-07 This volume explores the twenty-first century classroom as a uniquely intergenerational space of religious disaffiliation and questions about how our work in the classroom can be and is being reimagined for the new generation. The culturally hybrid identity of Millennials shapes their engagement with religious others on campus and in the classroom, pushing educators of comparative theology to develop new pedagogical strategies that leverage ways of seeing and interacting with their teachers and classmates. Reflecting on religious traditions such as Islam, Judaism, African Traditional Religions, Hinduism, Christianity, and agnosticism/atheism, this volume theorizes the theological outcomes of current pedagogies and the shifting contours of comparative theological discourse. *Managing Diversity in Organizations* María Triana, 2025-05-16 *Managing Diversity in Organizations* equips students with a thorough understanding of the advantages and challenges presented by workplace diversity, suggesting techniques to manage diversity effectively, maximize its benefits, and build more inclusive organizations. Readers will learn to work with diverse groups to create a productive organization in which everyone feels included. The author of this book offers a comprehensive survey of demographic groups and an analysis of their history, allowing students to develop a deep understanding of the dimensions of diversity. From this foundation, students are taught to manage diversity effectively on the basis of race, sex, LGBTQIA, religion, age, ability, national origin, and intersectionality in organizations and to understand the issues various groups face, including discrimination. Opening with current case studies and discussion questions to enhance comprehension, the chapters provide practical insight into subconscious implicit bias, team diversity, and diversity management in the United States and abroad. Global View examples further highlight how diversity management unfolds around the world. Now in its second edition, this popular text has been thoroughly revised and updated with new cases throughout. It also includes an expanded chapter on intersectionality to cover the advancements in this area, as well as more coverage of inclusion, mindfulness, and mental health and well-being as practices that can contribute toward diversity and inclusion in workspaces. Offering a fresh look at workplace diversity, this book will serve students of diversity, human resource management, and organizational studies.

The Muslim Majority Robin Hadaway, 2021-09-15 More than 70 percent of Muslims worldwide practice folk Islam, a syncretistic mix of theologically orthodox Islam and traditional religious beliefs and practices. The Muslim Majority is unlike many published works on evangelism to Muslims which argue for either apologetic or contextualized bridge approaches. These approaches are often ineffective in reaching adherents of popular Islam. Instead, author and missiologist Robin Hadaway outlines a contextual approach that addresses the unique perspective of popular Islam. Hadaway explains the differences between folk Islam and orthodox Islam and explores best practices for reaching the vast majority of Muslims with the gospel of Jesus Christ.

No One Left Behind Darrell J. Fasching, 2011-07-15 1 You have heard it said that on the day of judgment only Christians will be saved and all others will be consigned to eternal damnation, but I say to you that the gospel proclaims salvation for the whole human race. 2 You have heard it said that non-Christians are strangers who will not enter the Kingdom of God, but I say to you that God enters our lives through the very presence of the stranger. 3 You have heard it said that heretics and sinners will have no place in the Kingdom of God, but I say to you that to reject even the least of these is to reject God and God's messiah. 4 You have heard it said that human beings can be saved in no other name than that of Jesus, but I say to you that the name Jesus means we are saved in the name of a God who cannot be named or imaged. 5 You have heard it said that only a chosen remnant can be saved, but I say to you that a saving remnant saves not itself but the whole human race of which it is a part. 6 You have heard it said that in the final judgment many will be consigned to the eternal fires, but I say to you, God's judgment is a refining fire which transforms and saves rather than destroys. The final truth is that our God is the savior of the whole human race and especially all believers. 1 Timothy 4:10

World Religions Today John Esposito, 2021 Revealing the significance of religion in contemporary life, *World Religions Today*, Seventh Edition, explores major religious traditions: Judaism, Christianity, Islam, Hinduism, Buddhism, South Asian religions, East Asian religions, indigenous religions, and new religions as dynamic, ongoing forces in the lives of individuals and in the collective experience of modern societies. This unique volume accomplishes two goals: it connects today's religions to their classical beliefs and practices and focuses on how these religions have both radically changed the modern world and been changed by it. The book is enhanced by numerous pedagogical aids: text boxes, timelines, maps, illustrations, discussion questions, a comprehensive glossary of key terms, and suggestions for further reading, and more than 200 photographs.

Jesus, Pope Francis, and a Protestant Walk into a Bar Paul Rock, Bill Tammeus, 2015-09-16 Pope Francis has taken the world by storm captivating Catholics Protestants and non Christians alike Sneaking out of the Vatican at night washing the feet of inmates and taking selfies with young fans is certainly unlike any religious leader we've seen in a while and some of the religious establishment is uneasy about it The revitalization Francis is bringing to the Catholic Church is not without precedent however Jesus had a similar effect in his

day drawing crowds with his humility kindness and wisdom even as he drew the disapproval of established religious leaders The things that have brought Francis such media attention are the same things that made Jesus so peculiar and attractive in his day Thoughtful examination of Jesus example and legacy as well as an honest look at the similarities and differences between Catholic and Protestant faith invites reflection on the heart of Christianity and how we relate to our fellow Christians Readers will discover the power of heartfelt joy radical love and passion for justice to shake people out of religious complacency and into dynamic contagious faith Jesus Pope Francis and a Protestant Walk into a Bar looks at what is universal among Christians what is unique to Catholics and Protestants and how all Christians can practice understanding and cooperation across differences Perfect for individual or group use discussion questions are also included to encourage further thought and conversation
