What is Global History? Pamela Kyle Crossley,2008-03-03 Global and world history address the deep structural changes that have shaped human experience Many are material related to environmental and climatic alteration to the domestication of livestock and

development of agriculture to technology to disease and to variations in human immunity reproduction and physiology Others are social and cultural touching upon issues of migration trade language development and differentiation institutions of enslavement and of freedom traditions of marriage and child rearing the emergence of large scale political organization from early kingdoms to vast empires republics and federations and the management of war and peace To deal with such challenging issues global historians draw upon new techniques of analysis and comparison But they also continue venerable traditions inherited from the earliest civilizations of narrating the past on the most comprehensive and significant scale possible This book examines the long search for an integrated human story and particularly the points at which rapid changes of philosophy and perspective in the twentieth century transformed the historical disciplines It provides the perfect introduction to global history for students and scholars alike *A Short History of the World* John Morris Roberts,1997 Chronologically discusses the events of history beginning with the evolution of man and ending with the restructuring of Western Europe in 1993 *Global Interactions in the Early Modern Age, 1400-1800* Charles H. Parker,2010-06-23 Global Interactions in the Early Modern Age is an interdisciplinary introduction to cross cultural encounters in the early modern age 1400 1800 and their influences on the development of world societies In the aftermath of Mongol expansion across Eurasia the unprecedented rise of imperial states in the early modern period set in motion interactions between people from around the world These included new commercial networks large scale migration streams global biological exchanges and transfers of knowledge across oceans and continents These in turn wove together the major regions of the world In an age of extensive cultural political military and economic contact a host of individuals companies tribes states and empires were in competition Yet they also cooperated with one another leading ultimately to the integration of global space **Encounters Old and New in World History** Alan Karras,Laura J. Mitchell,2017-06-30 This collection of essays asserts the specific value of world history research and teaching showing how the field contributes to the larger historical profession and offering concrete suggestions to develop more interaction between the academy and the public The twelve contributors each with their own academic areas of interest are experienced scholars and classroom teachers Uniting them together in this volume is their professional relationship with Jerry H Bentley 1949 2012 This shared connection served as a catalyst to showcase Bentley s enduring legacy a commitment to investigating large scale questions with detailed empirical evidence that explains the human condition documenting both patterns of similarity and difference in ways that account for regional and temporal variations The volume continues Bentley s meticulous attention to world historical methods focus on scale cross cultural encounter comparison periodization critical geography and interdisciplinarity *Encounters Old and New in World History* responds to provocations that Jerry Bentley tendered in his scholarship and through his professional activities Contributors interrogate the institutional settings disciplinary proclivities methodological choices and diverse source bases of world history research and teaching Several essays address the ways in which present day concerns influence research on local and

global scales Other essays pay particular attention to the production and circulation of knowledge across regional temporal and class boundaries as well as between the academy and the wider public Claiming the centrality of globally informed and focused approaches to historical inquiry researchers continue the conversations that Bentley carried on through his own scholarship teaching editing of the *Journal of World History* participating in public forums and contributing to public discussions about the place of history in understanding today's global integration The stakes involved in asking questions about the shared history of humankind continue to increase in the current era of intensified globalization It is incumbent upon scholars with the skills to work across linguistic geographic temporal and disciplinary boundaries to show the ways that cross cultural encounters happened historically and to point out how such interactions play out in the institutions classrooms and public debates where historical interpretations are created and shared

The New World History Ross E. Dunn, Laura J. Mitchell, Kerry Ward, 2016-08-23 *The New World History* is a comprehensive volume of essays selected to enrich world history teaching and scholarship in this rapidly expanding field The forty four articles in this book take stock of the history evolving literature and current trajectories of new world history These essays together with the editors introductions to thematic chapters encourage educators and students to reflect critically on the development of the field and to explore concepts approaches and insights valuable to their own work The selections are organized in ten chapters that survey the history of the movement the seminal ideas of founding thinkers and today's practitioners changing concepts of world historical space and time comparative methods environmental history the big history movement globalization debates over the meaning of Western power and ongoing questions about the intellectual premises and assumptions that have shaped the field

ADRION, Charter routes from antiquity to modern times Nico Bortoletto, 2021-04-07 *ADRION Charter routes from antiquity to modern times* A research by the University of Zara and Università degli Studi di Teramo

Analysing Historical Narratives Stefan Berger, Nicola Brauch, Chris Lorenz, 2021-05-14 For all of the recent debates over the methods and theoretical underpinnings of the historical profession scholars and laypeople alike still frequently think of history in terms of storytelling Accordingly historians and theorists have devoted much attention to how historical narratives work illuminating the ways they can bind together events shape an argument and lend support to ideology From ancient Greece to modern day bestsellers the studies gathered here offer a wide ranging analysis of the textual strategies used by historians They show how in spite of the pursuit of truth and objectivity the ways in which historians tell their stories are inevitably conditioned by their discursive contexts
