The Dispossessed John Washington, 2020-04-03 The first comprehensive in depth book on the Trump administration's assault on asylum protections Arnovis couldn't stay in El Salvador If he didn't leave a local gangster promised that his family would dress in mourning that he would wake up with flies in his mouth It was like a bomb exploded in my life Arnovis said The Dispossessed tells the story of a twenty-four year old Salvadoran man Arnovis whose family's search for safety shows how the United States in concert

with other Western nations has gutted asylum protections for the world's most vulnerable. Crisscrossing the border and Central America, John Washington traces one man's quest for asylum. Arnovis is separated from his daughter by US Border Patrol agents and struggles to find security after being repeatedly deported to a gang-ruled community in El Salvador. Traumatic experiences relayed by Washington with vivid intensity. Adding historical, literary, and current political context to the discussion of migration today, Washington tells the history of asylum law and practice through ages to the present day. Packed with information and reflection, *The Dispossessed* is more than a human portrait of those who cross borders; it is an urgent and persuasive case for sharing the country we call home.

Ethics and Time in the Philosophy of History Natan Elgabsi, Bennett Gilbert, 2023-01-12 This interdisciplinary volume connects the philosophy of history to moral philosophy with a unique focus on time. Taking in a range of intellectual traditions, cultural and geographical contexts, the volume provides a rich tapestry of approaches to time, morality, culture, and history. By extending the philosophical discussion on the ethical importance of temporality, the editors disentangle some of the disciplinary tensions between analytical and hermeneutic philosophy of history, cultural theory, meta-ethical theory, and normative ethics. The ethical and existential character of temporality reveals itself within a collection that resists the methodological underpinnings of any one philosophical school. The book's distinctive cross-cultural approach ensures a wide range of perspectives with contributions on life and death in Japanese philosophy, ethics and time in Maori philosophy, non-traditional temporalities, and philosophical anthropology, as well as global approaches to ethics. These new directions of study highlight the importance of the ethical in the temporal, inviting further points of departure in this burgeoning field.

Lawrence, Emily Brontë, and Kathy Acker. Material stems from an April 1994 conference held at the University of Florida.
