Propagateur de L'homeopathie , 1905 **Daniel-François-Esprit Auber** Robert Ignatius Letellier, 2010-10-12 Daniel François Esprit Auber 1782 1871 the composer of *La Muette de Portici* 1828 and *Fra Diavolo* 1830 was once regarded as one of the great figures of music a staple of the operatic repertoire in France and indeed around the world It is now almost impossible to understand the extent of his once universal fame his influence on contemporary composers His operas were in the theatre repertoires of the world until the 1920s and innumerable arrangements of them were published and sold everywhere The ubiquity of his overtures *Masaniello* *Fra Diavolo* *The Bronze Horse* *The Black Domino* *The Crown Diamonds* once as popular as those of Rossini and Supp and the influence of his melodies and dance rhythms on piano and instrumental music and on Romantic comic opera was overwhelming In his operas Auber avoided any excess in dramatic expression all emotion and expressiveness any vivid depiction of local milieu were realized within his discreetly nuanced tones always stamped with a Parisian elegance His operas were loved in his native France until the years before the First World War with *Fra Diavolo* and *Le Domino noir* last performed at the Opéra Comique in 1909 Auber's career was a record of this success and appreciation His appointment to the Institute 1829 was followed by other prestigious posts as Director of Concerts at Court 1839 director of the Paris Conservatoire 1842 Musical Director of the Imperial Chapel 1852 and Grand Officer of the Légion d'Honneur 1861 During his lifetime six biographies appeared contemporaneously with another six appearing posthumously in the period up to 1914 In the late nineteenth and early twentieth centuries however reactions to Wagner Impressionism and the Neo Classicism of the Ballet Russe resulted in a growing lack of interest in the ancient traditions of opéra comique with its charming plots melodic directness and rhythmic lilt Boieldieu Halévy Adam and Auber were relegated to the dustbin of history Only in Germany did the genre continue to flourish Auber's most enduring work is still performed there His death in pitiful conditions during the Siege of Paris 1871 in the city he always loved marked the end of an era Auber now occupies a shadowy niche in the general consciousness as the name of the metro station nearest the Palais Garnier and remains unknown and neglected apart of course from *Fra Diavolo* although his impact on the nineteenth century operatic theatre was just as great as Rossini's The time has surely come for Auber's life and work especially in association with his life long collaborator Eugène Scribe 1791 1861 master dramatist and supreme librettist a determining force in the history of opera to be reassessed Perhaps then the world will begin to hear more of Auber's elegant gracious life affirming music written to Scribe's words The aim of the present study is to offer an overview of the life and work of Auber by close examination of his

forty operas with consideration of origins casting plot analysis of dramaturgy and musical style and reception history This is presented in the context of Auber's relationship to the dominant genres of early nineteenth century French culture opéra comique and grand opéra The three evolving periods of Auber's unique involvement with opéra comique are of principal concern This analysis of the operas is made in the context of Auber's crucial working relationship with Scribe who provided 38 of his libretti Their cooperation is unique and of great importance on several literary musical and cultural levels The nature of their interaction and personal friendship is assessed by a translation of the extant correspondence between them some 80 letters that have not appeared in English before The presentation of each opera is illustrated by musical examples from all the scores prints from the complete works of Scribe and other theatrical memorabilia The study also contains bibliographies of Auber's works and their contemporary arrangements studies of Auber's and Scribe's life and work their artistic and historical milieux and a discography

Holman, Christopher Kirkey, 2021-04-13 The year 1968 in Canada was an extraordinary one unlike any other in its frenetic pace of activities and their consequences for the development of a new national consciousness among Canadians It was a year when decisions and actions both in Canada and outside its borders were thick and contentious and whose effects were momentous and far reaching It saw the rise of Trudeauism and the birth of the Parti Québécois the articulation of the new nationalism in English Canada and an alternative vision for Indigenous rights and governance a series of public hearings in the Royal Commission on the Status of Women the establishment of the Canadian Radio and Television Commission nationwide Medicare and CanLit and a striving for both a new relationship with the United States and a more independent foreign policy everywhere else And more Virtually no segment of Canadian life was untouched by both the turmoil and the promise of generational change Published in English with chapters in French

The Documentary Imagination in Twentieth-Century French Literature Alison James, 2020-09-03 The *Documentary Imagination in Twentieth-Century French Literature* identifies a documentary impulse in French literature that emerges at the end of the nineteenth century and culminates in a proliferation of factual writings in the twenty-first Focusing on the period bookended by these two moments it highlights the enduring concern with factual reference in texts that engage either with current events or the historical archive Specifically it considers a set of ideas and practices centered on the conceptualization and use of documents In doing so it contests the widespread narrative that twentieth-century French literature abandons the realist enterprise and argues that writers instead renegotiate the realist legacy outside or at the margins of the fictional space of the novel Analyzing works by authors including Gide Breton Aragon

Yourcenar Duras and Modiano the book defines a specific documentary mode of literary representation that records assembles and investigates material traces of reality The document is a textual visual or material piece of evidence repurposed through its visual insertion textual transcription or description within a literary work It is a fact but it also becomes a figure standing for literature s confrontation with the real The documentary imagination involves a fantasy of direct access to a reality that speaks for itself At the same time it gives rise to concrete textual practices that open up new directions for literature by interrogating the construction and interpretation of facts
