Libertines as Benedetta Craveri writes in her preface to the book is the story of a group of seven aristocrats whose youth coincided with the French monarchy's final moment of grace a moment when it seemed to the nation's elite that a style of life based on privilege and the spirit of caste might acknowledge the widespread demand for change and in doing so reconcile itself with Enlightenment ideals of justice tolerance and citizenship Here we meet seven emblematic characters whom Craveri has singled out not only for the romantic character of their exploits and amours but also by the keenness with which they experienced this crisis in the civilization of the ancien régime of which they themselves were the emblem Displaying the aristocratic virtues of dignity courage refinement of manners culture and wit the Duc de Lauzun the Vicomte de Ségur the Duc de Brissac the Comte de Narbonne the Chevalier de Boufflers the Comte de Ségur and the Comte de Vaudreuil were at the same time irreducible individualists and true sons of the Enlightenment all of them ambitious to play their part in bringing around the great changes that were in the air When the French Revolution came however they found themselves condemned to poverty exile and in some cases execution Telling the parallel lives of these seven dazzling but little remembered historical figures Craveri brings the past to life powerfully dramatizing a turbulent time that was at once the last act of a now vanished world and the first act of our own Souvenirs du Congrès de Vienne, 1814-1815 Auguste de la Garde-Chambonas, 1904 *S.
