

SOVIET POLITICS 1917-1991

MARY
McAULEY

Soviet Politics 1917 1991

Theodore H. Friedgut, Jeffrey W. Hahn

Soviet Politics 1917 1991:

Soviet Politics 1917-1991 Mary McAuley, 1992 In the space of mere months in 1991 the Soviet Union saw an attempted coup fail Gorbachev leave office the Baltic states acquire independence Leningrad vote to rename itself St Petersburg the Communist Party disband and the Russian flag fly over the Kremlin One of the world's great powers a country of some 200 nationalities stretching across a dozen time zones had simply disintegrated ending an epoch in world history Now for the first time we are able to look back and assess the complete 75 year experiment with communism Based on extensive research and a first hand knowledge of the Soviet system *Soviet Politics 1917 1991* offers an authoritative and lively history of the entire spectrum of Soviet politics from the October Revolution and the rise of Lenin to the emergence of the Commonwealth of Independent States McAuley ranges from the Revolution to the unprecedented crash industrialization and social mobility to dictatorship and mass terror under Stalin to conservative state control under Krushchev Kosygin and Brezhnev and finally to the swift collapse of the state The author offers a particularly stimulating analysis of the developments that brought an end to communist party rule and the breakup of the Soviet Union She describes for instance how the 1989 elections undermined the Communist Party's assumption of unqualified popular support Yeltsin the bete noire of the Moscow party was swept in and Soloviev a deputy member of the Politburo who ran unopposed in Leningrad failed to garner 50% of the vote She shows how the Congress of that year televised nationally revealed to a wrapt nation a Party no longer solidly united behind one stand where deputies openly criticized the government the KGB and the Afghan war And she paints a striking portrait of Gorbachev trying to reconcile irreconcilable interests to heal the rift between Democrats and Party conservatives as the center began to unravel By the end of 1991 the USSR was gone forever with momentous and unpredictable consequences not only for the peoples of the former Soviet Union but for the world as a whole *Soviet Politics* helps readers make sense of the developments since 1985 showing how and why the system fell apart It will interest anyone wanting a full understanding of current world events

Soviet Politics, 1917-91 Mary McAuley, 1992 *Soviet Politics* Richard Sakwa, 2012-11-12 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the

complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader **The Rise and Fall of the Soviet Union** Richard Sakwa,2005-08-17 Discusses the history of the Soviet Union from the revolution of 1917 through the Lenin and Stalin eras and the rule of such leaders as Khrushchev Brezhnev and Gorbachev up to the formal dissolution of the Soviet Union in 1991 **Local Power and Post-Soviet Politics** Theodore H. Friedgut,Jeffrey W. Hahn,2016-09-16 An analysis of local legislative and budgetary politics during the late Soviet and post Soviet period with case studies of electoral behaviour distribution processes political contestation and institutional development **Rethinking the Cold War** Allen Hunter,2010-06-02 A path breaking collection of essays by cutting edge authors that reassess the Cold War since the fall of communism **Six Years that Shook the World** Rachel Walker,1993 Focuses on the six years of perestroika in the Soviet Union and suggests that many of the problems confronting the new states were first created during this time The book tries to explore and explain some of these developments covering events up to August 1992 **Gorbachev and his Revolution** Mark Galeotti,1997-01-29 By turns radical uncertain ambitious and autocratic Mikhail Gorbachev and his bid to reform the Soviet Union have shaped the contemporary world This concise and lively book provides an introduction to the man and his times setting them in the context of a decaying and ramshackle empire and an ideology long since betrayed by its professed followers Drawing on the latest memoirs and scholarship this book follows Gorbachev's increasingly desperate attempts to control the forces he unleashed and hold together a state whose days were over **A Concise History of the Modern World** W. Woodruff,2016-01-22 By investigating the major changes of world history during the past five hundred years this book provides the necessary global perspective to understand the geopolitical and geoeconomic changes facing us today We have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations The need to take a world view which this book provides has become acute **The American Bibliography of Slavic and East European Studies** Patt Leonard,Rebecca Routh,2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology **Popular Perceptions of Soviet Politics in the 1920s** O. Velikanova,2013-01-28 This is the first study of popular opinions in Soviet society in the 1920s These voices which made the Russian revolution characterize reactions to mobilization politics patriotic militarizing campaigns the tenth anniversary of the revolution and state attempts to unite the nation around a new Soviet identity **The Challenge of Revolution** Vladimir Mau,Irina Starodubrovskaya,2001-02-22 This volume provides an challenging and controversial explanation of the recent events in Russia It examines the causes processes and consequences of Russia's recent political development Drawing on and criticizing the existing literature the book also shows how the recent Russian experience casts light on general theories of

revolution and comparative political developments The transformation in Russia is usually compared with transformations in other post communist countries The authors argue that the Russian transformation should be explained in the logic of the great revolutions of the past such as the English Civil War the French Revolution and the Bolshevik Revolution The difficulties and inconsistency of Russian reforms are usually explained as a result of mistakes made by reformers This book argues however that these problems should be considered as a natural consequence of the weak state In revolution the weakness of state power is inevitable resulting from social fragmentation property rights transformation changes in the interests of different social groups Hence the authors argue that most of the transitional problems in Russia were unavoidable The authors go on to argue that revolutions are usually considered as rapid change made through violence However the spontaneous character of change in the situation of a weak state is a much more important feature of any revolution than violence The book contains unique interviews with four leaders of the Russian transformation Mikhail Gorbachev Alexander Yakovlev Yegor Gaidar and Gennadii Burbulis as well as the personal experience of the authors who were deeply involved in the practical process of Russian transformation Karl W. Ryavec, 2005 This unique study provides an original nitty gritty view of the true nature and operation of Russia's state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization *Democracy from Scratch* M. Steven Fish, 1996-07-22 This book presents a fresh view of Russian political change in the Gorbachev and early post Soviet periods not by examining perestroika and glasnost in and of themselves but by investigating the autonomous political organizations that responded to liberalization Extensive study of these political groups in Moscow and several provincial cities has led M Steven Fish to conclude that they were shaped to a far greater degree by the nature of the Soviet state than by socioeconomic modernization political culture native psychology or Russian historical tradition Fish's statist theory of societal change in Russia yields a powerful explanation of why Russia's new political society differs radically not only from the totalized subjugated country of the pre 1985 period but also from the civil societies found in the West and in many developing countries In addition the author shows how the legacy of the Soviet experience continues to influence the development arguably the underdevelopment of representative political institutions in post Soviet Russia making the establishment of stable democracy unlikely in the near term This book proposes a novel and theoretically sophisticated way to study Russian politics It offers a rigorous approach to understanding social movements political party formation regime change and democratization in general While focusing primarily on a single country it is vigorously comparative at the same time **Collective Leadership in Soviet Politics** Graeme Gill, 2018-03-21 This book studies the way in which the top leadership in the Soviet Union changed over time from 1917 until the collapse of the country in 1991 Its principal focus is the

tension between individual leadership and collective rule and it charts how this played out over the life of the regime The strategies used by the most prominent leader in each period Lenin Stalin Khrushchev Brezhnev and Gorbachev to acquire and retain power are counterposed to the strategies used by the other oligarchs to protect themselves and sustain their positions This is analyzed against the backdrop of the emergence of norms designed to structure oligarch politics The book will appeal to students and scholars interested in the fields of political leadership Soviet politics and Soviet history

Revenge of the Forbidden City James W. Tong, 2009-10-14 The Falungong movement originated in 1992 as a system of breathing exercises designed to promote health and well being Riding on the coattails of the qigong fever that swept through China it attracted an extensive following until 1994 when the Chinese government suppressed the qigong movement A series of protest rallies by Falungong organizations against local government repression set in motion an upward conflict spiral that culminated in the siege of the Party headquarters in Beijing on April 25 1999 by more than 20 000 Falungong practitioners *Revenge of the Forbidden City* begins with the shock of the Politburo against such insolent defiance resolving to retaliate against the Falungong a retaliation that represented the most serious political incident since the Tiananmen upheaval in 1989 James W Tong reveals how the Chinese government's relentless sustained repression of the Falungong movement typifies its response towards perceived internal threats Though many claim that the Democratic reforms in China have eroded the government's ability to monitor and control its citizens the success of the campaign to eradicate Falungong indicates otherwise the government effectively implemented a multifaceted offensive involving unsparing suppression pervasive propaganda and coercive conversion The successful execution of this complex campaign reveals the resilience of China's authoritarian institutions Using empirical evidence and thorough analysis Tong reveals the Chinese state's formidable ability to crush dissent and provides a cogent rebuttal to those who claim that the Communist government is on the verge of collapse The definitive account of China's response to Falungong *Revenge of the Forbidden City* is essential for any scholar interested in how the Chinese state actually operates

Russia: A History, New Edition Gregory Freeze, 2002-03-28 Drawing on recently opened archival materials leading American and European scholars provide an authoritative interpretation of Russian history and culture ranging from the eighth century to the recent creation of the Commonwealth of Independent States

Politics In Russia: A Reader Joel M. Ostrow, 2013 Covering the major contours of any Russian politics course and comprehensive enough to serve as a core text this new reader includes sections from the Soviet political system and its collapse to the debate about post Communist transition and efforts toward political and economic reform A former journalist who worked in Russia Ostrow's substantial headnotes blend needed background with insights from his experience to create a nuanced treatment of Russian politics

Revolution and Reform in Russia and Iran Ghoncheh Tazmini, 2012-03-30 The Russian Revolutions of 1917 and the Iranian Revolution of 1979 are two examples of dramatic sudden and extraordinary political upheaval that significantly altered the nature of the state and society in the

modern age Here Ghoncheh Tazmini provides an unprecedented comparative study of these two major revolutions of the twentieth century which although removed from each other both spatially and temporally have striking similarities Examining the roots events and impact of these two defining upheavals Tazmini analyses how they resemble each other stressing the continuity of the dilemma of modernisation for the Romanov Pahlavi Communist and Islamist rulers alike This book is a significant contribution to both historical and contemporary debates concerning Russian and Iranian politics and to the discourse on the origins and consequences of modernisation and revolution themselves

A Concise History of the Modern World William Woodruff, 1998-06-30 By investigating the major changes in world history during the past five hundred years Woodruff explains to what extent world forces have been responsible for shaping both the past and the present This extraordinary book tells of the rise and fall of empires and civilizations it recounts the growing communality and interdependence of nations it shows how so many problems of the contemporary world are the legacy of an unprecedented era of western domination the end of which was hastened by the two world wars In explaining how the world has come to be what it is the author examines the implications surrounding the end of the cold war the unravelling of communism in Eastern Europe and the growing challenge of the non western world to western superiority It is Woodruff's belief that we have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations With the shift of geopolitical and geoeconomic power to Asia and with the growing world wide influence of religious fundamentalism and revolutionary nationalism the need for a global perspective has become acute A Concise History of the Modern World encompasses the learning and the insights gleaned by the author from a life time career as a world historian

Ignite the flame of optimism with is motivational masterpiece, **Soviet Politics 1917 1991** . In a downloadable PDF format (*), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
