Croucher, 2009-10-15 A growing number of Americans many of them retirees are migrating to Mexico's beach resorts border towns and picturesque heartland While considerable attention has been paid to Mexicans who immigrate to the U S the reverse scenario receives little scrutiny Shifting the traditional lens of North American migration *The Other Side of the Fence* takes a fascinating look at a demographic trend that presents significant implications for the United States and Mexico The first in depth account of this trend Sheila Croucher's study describes the cultural economic and political lives of these migrants of privilege Focusing primarily on two towns San Miguel de Allende in the mountains and Ajijic along the shores of Lake Chapala Croucher depicts the surprising similarities between immigrant populations on both sides of the border Few Americans living in Mexico are fluent in the language of their new land and most continue to practice the culture and celebrate the national holidays of their homeland maintaining close political economic and social ties to the United States while making political demands on Mexico where they reside Accessible timely and brimming with eye opening often ironic findings *The Other Side of the Fence* brings an important perspective to borderlands debates **The Other Side of Power** Claude M. Steiner, 2020-04-14 The psychotherapist and author of *Scripts People Live* shows readers how to use their personal strengths to achieve what they want Claude M Steiner 1935-2017 was a bestselling author and psychotherapist who pioneered the popular field of Transactional Analysis which involves analysis of an individual's social interactions as a basis for understanding behavior First published in 1981 and now back in print *The Other Side of Power* is the sequel to Dr Steiner's influential *Scripts People Live* and feels as relevant today as ever Power we all want it we all need it We feel its effects in our business family and personal relationships In this accessible volume Dr Steiner shows how everyone can be powerful without being power hungry Instead of chasing the increasingly empty and improbably conventional American power dream as Dr Steiner puts it the other side of power our own personal strengths can be used to get us what we want This humane approach is not predicated upon the exploitation or manipulation of others which leads to power for the few and not the many In clear terms and with specific examples the author shows how to draw instead upon individual strengths to neutralize and turn to advantage situations that could otherwise result in feeling of powerlessness *The Other Side of Power* teaches us that once we understand the nature of power we can learn to deal with it more comfortably and use it toward more rewarding personal and professional relationships Dr Steiner's classic in psychological theory offers a meaningful and practical guide to harnessing the other side of power *The Other Side of The Galaxy 2* , *The Other Side of My Pillow* Meliha Fazlic, 2010-05-18 Could even a war separate people that are meant to be together *The Other Side of My Pillow* tells a story in the author's own unique style it will leave an impact on you after reading it and for a long time to come It will have you wonder about things you don't think about often if ever Moreover it will also make you realize what life's real treasures are The main character Alma will be faced with numerous life's obstacles that will turn her life drastically sour and drastically sweet thought out the book The adrenaline of a
