Wounded Images Kristine M. Whaley, 2024-03-27 This volume works through deconstructing traditional models of the imago Dei in search of a more inclusive understanding of the doctrine one that allows for literature to bring important questions to bear Brief analyses of Karl Barth and Paul Tillich and then growing dissatisfaction with the two in various liberation theologies brings to light the problems of a perfected image of God An exploration of four novels by Jean Rhys between 1928 and 1939 then follows the footsteps of Katie Cannon and others who include literature in their theological work The Rhys novels follow tragic stories of women who are wounded both by others and by their own inability to see themselves as worthy Through the questions these women ask about themselves and God the reconstruction of the imago Dei is set up This reconstruction centers trauma wounds and a non contrastive transcendence that Kathryn Tanner defines Ultimately it is not in how we are perfect but rather through our risks our wounds and even our grief that we connect to God

Missiology Reimagined Kent Michael Shaw I,2024-03-11 In this compelling research Kent Michael Shaw I reveals a concise and comprehensive work on the development of Missions Theology informed by the perspectives from early African American missionaries Missiology Reimagined unveils the hidden and ignored missions history of enslaved and free African Americans during the antebellum period of the United States This book helps the student of missiology decipher how the events of the 1800s shaped the missions theology of Black Americans The enslaved of that day constructed a hermeneutic and interpreted the sacred text through a lens that contradicted their enslaver s version of Christianity Through these constructs they critically engaged in scripture and formulated a theology of mission contextualized for their lived experience This insight compelled them to risk death and re enslavement to pursue a global mandate from God These pioneering missionaries would emerge as experts in the field of global evangelism heralding them as both missionaries and missiologists Since they were practitioners and students of Scripture an applied mission s theology would materialize The reader will observe how this theological formation influenced the black church in the nineteenth century and their missiology reimagined These men and women held two titles missionary and missiologist These pioneer missionaries would emerge as

early experts in the field of global evangelism As practitioners and students of scripture an applied mission s theology evolved The reader will observe how this theological formation would shape the black church in the nineteenth century and a reimagined missiology

Settles,2024-09-26 Manifesting the Primal Imagination explores a little known but important aspect of Black American Christianity the primal spirituality of the Black Pentecostal and spiritual church Set against the backdrop of a Christianity believed by many to be synonymous with White Western culture Manifesting the Primal Imagination demonstrates how this image of Christianity came to be and how it is false through a historical and scriptural examination of Christianity itself At a time in which the nature of Christian faith is hotly contested with many rejecting Christianity on the basis of its historical association with White supremacist claims Settles advocates for a rereading of the history of Black American faith in a way that recognizes the importance of the primal imagination to Christianity itself *Black Christology and the Quest for*

Authenticity John H. McClendon III, 2019-05-03 Black Christology and the Quest for Authenticity A Philosophical Appraisal constitutes a philosophical inquiry on Black Theology and its attendant Black Christology Explicitly the philosophical examination of Black Theology conceptually maps its quest for establishing Black Christology as an authentic form within Christian theology This text critically expounds on the methodologies and arguments which guide how Black Theology specifically affirms Black Christology as the definitive paradigm for authentic Christianity Significantly the racialized character of Black Theology immediately sets this discourse within the context of philosophy of race Clearly the philosophy of race in terms of its substance and scope is continually expanding Notably the philosophy of religion in its conceptual association with the African American experience considerably enriches the content of the philosophy of race Therefore Black Christology and the Quest for Authenticity A Philosophical Appraisal stands as a unique contribution to philosophy of race Summarily while this book tackles the formidable problem of Christian theological subject matter nonetheless the reader must be aware that this is not a work executed methodologically in any theological manner inclusive of Christian theology Subsequently while the object of our investigation substantively remains theological in character the method of investigation is guided by philosophical inquiry which is based on secular principles Furthermore although most mainstream works in philosophy of religion along with theology neglect to exam African American theologians and philosophers the subject matter of Black Christology substantially facilitates in filling this intellectual void *Reading While Black* Esau McCaulley, 2020-09-01 Reading Scripture from the perspective of Black church tradition can help us connect with a rich faith history and address the urgent issues of our times Demonstrating an ongoing conversation between the collective Black experience and the Bible New Testament scholar Esau McCaulley shares a personal and scholarly testament to the power and hope of Black biblical interpretation **The Sacred Act of Reading** Anne Margaret Castro, 2020-01-13 From Zora Neale Hurston to Derek Walcott to Toni Morrison New World black authors have written about African derived religious traditions and spiritual practices The Sacred Act of Reading examines religion and sociopolitical power in modern and contemporary texts of a variety of genres from the black Americas By engaging with spiritual traditions such as Vodou Kumina and Protestant Christianity while drawing on canonical Eurocentric literary theory Anne Margaret Castro presents a novel nuanced reading of power through the physical and metaphysical relationships portrayed in these great works of New World black literature Castro examines prophecy in the dramas of Derek Walcott preaching in the ethnography of Zora Neale Hurston and liturgy in the novels of Toni Morrison offering comparative readings alongside the works of Afro Colombian anthropologist Manuel Zapata Olivella Jamaican sociologist Erna Brodber and Canadian fiction writer Nalo Hopkinson The Sacred Act of Reading is the first book to bring together literary texts historical and contemporary anthropological studies theology and critical theory to show how black authors in the Americas employ spiritual phenomena as theoretical frameworks for thinking within against and beyond structures of political dominance dependence and power To Shape a
