IEO Annual Report 2005-06 International Monetary Fund. Independent Evaluation Office, 2007-01-30 The IMF's surveillance framework encompasses a new focus on multilateral issues and especially the spillovers from one economy onto others This third Annual Report of the Independent Evaluation Office describes ongoing and recently completed evaluations and discusses additions to IEO's work plan General lessons pertaining to IMF surveillance emerging from recent evaluations are highlighted and discussed namely the need for better integration of financial and macroeconomic factors as well as bilateral and multilateral policy analysis and policy prescriptions The findings of an External Evaluation Panel charged with assessing the work of the IEO are also covered

Climate Change as a Security Risk Hans Joachim Schellnhuber, 2010-09-23 Without resolute counteraction climate change will overstretch many societies adaptive capacities within the coming decades This could result in destabilization and violence jeopardizing national and international security to a new degree However climate change could also unite the international community This is provided that we recognize climate change as a threat to humankind and so set the course for adopting a dynamic and globally coordinated climate policy If we fail to do so climate change will draw ever deeper lines of division and conflict in international relations triggering numerous conflicts between and within countries over the distribution of resources especially water and land and over the management of migration or over compensation payments between the countries

mainly responsible for climate change and those countries most affected by its destructive effects With Climate Change as a Security Risk WBGU has compiled a flagship report on an issue that quite rightly is rising rapidly up the international political agenda The authors pull no punches on the likelihood of increasing tensions and conflicts in a climatically constrained world and spotlight places where possible conflicts may flare up in the 21st century unless climate change is checked The report makes it clear that climate policy is preventative security policy *Does Foreign Aid Really Work?* Roger C. Riddell, 2008-08-07 Foreign aid is now a 100bn business and is expanding more rapidly today than it has for a generation But does it work Indeed is it needed at all Other attempts to answer these important questions have been dominated by a focus on the impact of official aid provided by governments But today possibly as much as 30 percent of aid is provided by Non Governmental Organizations NGOs and over 10 percent is provided as emergency assistance In this first ever attempt to provide an overall assessment of aid Roger Riddell presents a rigorous but highly readable account of aid warts and all *Does Foreign Aid Really Work* sets out the evidence and exposes the instances where aid has failed and explains why The book also examines the way that politics distorts aid and disentangles the moral and ethical assumptions that lie behind the belief that aid does good The book concludes by detailing the practical ways that aid needs to change if it is to be the effective force for good that its providers claim it is *Global Challenges in Responsible Business* N. Craig Smith, 2010-07-29 This book highlights critical challenges for business in a world where corporate responsibility has gone global **Poverty Reduction that Works** Paul Steele, Neil Fernando, Maneka Weddikkara, 2012-05-04 This book provides an excellent framework to analyse the experience of a wide variety of successful initiatives across the world and draws attention to critical issues that practitioners need to think about when designing poverty reduction interventions and scaling up Bill Tod Regional MDG Adviser SNV Asia With its wide regional coverage and frank discussions of issues and problems encountered in designing projects that directly tackle poverty this will be a very useful reference book for NGOs INGOs and also for multilateral institutions Johanna Boestel Country Economist Asian Development Bank Sri Lanka Resident Mission We are now at the midpoint for achieving the Millennium Development Goals and the objective of halving poverty by 2015 Despite commendable efforts and much progress up to 750 million people are still living in absolute poverty To lift these people out of poverty macro economic policies must be complemented by targeted and local level poverty reduction This book looks at twenty of the most innovative case studies of poverty reduction and Millennium Development Goal localization from fifteen countries Afghanistan Bangladesh Cambodia China Egypt India Indonesia Malaysia Mexico Nepal Paraguay Philippines Sri Lanka Thailand and Vietnam covering diverse issues ranging from housing and tourism to socio economic empowerment of women health insurance and markets for livestock produce Many of the cases started as small scale interventions by NGOs donors or government pilots but now they are being scaled up to form part of national policy or replicated across their respective countries Yet why do some work while others do not What are the stumbling blocks and

how can they be overcome And what lessons and principles are there for replicating and scaling up poverty reduction initiatives worldwide This book tackles these questions and more and presents a wealth of knowledge evidence and ideas for all practitioners and researchers working to reduce poverty at the local level while aiming to achieve a global impact Published with UNDP *Development Centre Studies Uses and Abuses of Governance Indicators* Oman Charles P.,Arndt Christiane,2006-07-26 This study helps users find their way through the jungle of governance indicators and shows how they tend to be widely misused both in international comparisons and in tracking changes in individual countries **World Development Indicators 2007** ,2007-01-01 World Development Indicators is the World Bank s premier annual compilation of data about development This indispensable statistical reference allows you to consult over 900 indicators for some 150 economies and 14 country groups in more than 80 tables It provides a current overview of the most recent data available as well as important regional data and income group analysis in six thematic sections World View People Environment Economy States and Markets and Global Links The CD ROM editions contain 45 years of time series data covering 1960 to 2005 and offer mapping charting and data export formats Click below for more information on the CD ROM editions State, foreign operations, and related programs appropriations for 2009 United States.
